Please! Include my email to the Mayor! This is ridiculous. There are SO many people that simply could not do this. I am one if them. I am 4'9 could not reach to put large items. You have so many elderly people in historic Sandy with tbe same issue and I have no where to park a dumpster. Pioneer Ave is not wide enough. To put them without blocking line of sight getting out of driveways. It's hard enough now. Homes aren't close 3nough to be able to "share" one especially if tgwy are large items like chairs or couches. I pay for garbage pick up, that is what tgey should be doing
