Subject: Bulk pick up

My name is Shelley Wixom. I have been a sandy utah resident for over 3 years.
It has come to my attention that Sandy intends to change Our neighborhood twice yearly "bulk pick up" program to the dumpster program. I do not support this. I have family living in utah cities that offer this program and it has been a fail. The city is too backed up to deliver dumpsters, they make "appointments" and never get their cans.

I voted for you Cyndi Sharkey, if this happens in my neighborhood 1300 east and 9200 so. I will no longer support you. You will loose my Vote.

Sincerely,
Shelley wixom
Quarry bend resident.
