Subject: Bulk pickup discontinued thoughts

Thank you for suggesting emails. I'm not sure if you are my rep, I live on Rondelle Circle off of Beaumont Drive about 8095 S. Please forward this email to proper rep if it is not you.

I've lived in this house since 1973 and with new incoming residents who don't seem to care much about how their yards look, at least the Bulk Pickup has done wonders every 6 months for them to get rid of their junk showing in their yards. I also have loved the cleanup. Seems like the last 5 or 6 years, though, the pickup crew doesn't do the great job they used to. The crew used to have one guy with a push broom to gather leftover piles and then they picked that up too. I have done that cleanup myself for the 4 neighbors who live on my circle... with my garbage can and push broom after they leave.

It's my position that if you compare Pickup with Sweeper, there is NO contest. Get rid of the sweeper trucks to get gutters cleaner; in my area there are now many cars, after none 46 years ago, parking on the street so that the sweeper has to go in and out and it's basically not worth the money for sweepers.

They raised property taxes and I understood why and agreed. But did not expect the next thing the Mayor would do is cancel this excellent cleanup program. Dumpsters plainly suck, pardon the french. Adjoining Telford used SLCounty dumpsters and they are horrible.
