Yes, I rarely have enough to pick up to rent a full dumpster, and most don't have the funds to rent one. Few have the energy to get together with neighbors to rent one. This rental is not as good an option for people as the guaranteed Bi-annual pick up.

> I was shocked to hear that the Bi-annual waste clean up was being discontinued. Sandy is a clean city. There is very little garbage, over grown trees, or junk cluttering the outside of our homes. I have always thought that this was due in a large part because of our wonderful spring and fall clean up. Please fight for your constituents who have used, benefited from, and are grateful for this program.
