Subject: Curb side clean up

Dear Ms. Sharkey,
It has recently come to my attention that Sandy wants to stop their curbside cleanup program. I think this is a mistake and would like to encourage a reversal of this decision. I'm not originally from Sandy, but since moving here about 11 years ago it truly is one of the highlights! My family in Davis County often brings up how they wish they had it. I think it is a wonderful way for residents to maintain cleanliness and improved curb appeal as well as reducing clutter inside homes. Please let me know if there is anything I can do or anyone I can speak to in an effort to keep the curb side tradition!
