Hi Cyndi,

Yes, you may include my email. I hope it will help! I'm looking forward to a positive outcome. If they don't want to do this kind of pick up, perhaps putting dumpsters along the street for a certain period (like 12 hours) twice a year would be a better option? We had those when we lived Holladay and they were great.

Thank you for answering my email.

One of the main reasons we live in Sandy is because of this service. Taxes are high enough. This helps take some of the "sting" out.
Please don't remove this service! We rely on it every year.

Robyn Martin
