Anne,
Thank you for reaching out with your concerns. This was brought up at a City Council Meeting on January 21st. Unfortunately, it was not properly placed on the agenda, which eliminated the opportunity for City Council members to discuss this with administration. Because of this oversight, it was not noticed to the public so residents were not able to comment on the proposal either. I am attaching a link that has more information about this change. If you would like to speak at the Council Meeting this Tuesday, February 4th, I would suggest being to the meeting at 5:15. It is item 4 and will be heard early into the session. We will be taking public comment this Tuesday. Please let me know if you would like for me to have your email added to the public record.

Alison: I have just learned that the mayor plans on discontinuing the spring and fall bulk pick up. I want to voice my opinion on the matter. I am totally against this action. It has always been one of the perks of living in Sandy and I would hate to see it done away with. Anne Adams
