Subject: Bulk Pick up

To whom it may concern,

My name is Zea Robbins. I am a Sandy resident near Falcon Park in Waters Lane. I am writing to tell you that removing the bulk waste pick up in our area will cause the neighborhood to decline. We moved from Hawaii two years ago and one of the best improvements from our state is the bulk waste pick up program. In Hawaii there is nothing for residents that resembles bulk waste pick up and it shows! Peoples yards become waste landing spots. It is my belief that the removal of this program will lead to a demise of our clean neighborhoods. Please reconsider. Maybe reduce to once a year, but please do not eliminate this program. Many of us can not afford to hire people to haul stuff away or to purchase our own trailer and hitch.

Sincerely,

Zea Robbins
