Yes, you can include our message in your packet for the council.

And although dumpsters may be a viable option, bulk pick-up appears to be much more convenient program.

If the City is having problems with bulk pick-up, such as scavengers or inappropriate materials being placed curbside, then Sandy should enforce any applicable city ordinances instead of implementing a different and not-as-convenient replacement program.

We heard that Sandy is planning to discontinue the spring and fall bulk pick-up.

Very unwelcome news. It’s a much appreciated service and we would like the program to continue.

Surely not a great way to please your constituents.
