Subject: Fwd: Sandy City Eliminating Bulk Pickup

Yes please do eliminate that bulk trash pick up. Dumpsters on demand is a much much better idea. The bulk trash pick up just creates a huge mess, and people put out stuff on the curb 30 days to early, and then there's a parade of Latinos in pick up trucks with trailers rummaging through there the piles at all hours of the day and night.If the city would enforce the rules it might be better, but they don't so eliminate the program.
