Silver King Fire Evaluation

- Remarks from Supervisor Jeff Sanocki:

"Sandy E633 was my go-to engine on the DIVS. The crew was tasked with organizing structure protection around several homes in the Cottonwood Creek drainage. They did a great job working with other resources and staying engaged even as the operational tempo shifted. This crew was able to solve problems and accomplished all tasks assigned in a professional manner. Corey and his crew would be an asset to any fire assignment in the future."
