Claire Hague introduced the item to Planning Commission.

Michael Christopherson clarified that there are conditions that needs Planning Commission approval.

Russell Brimley, the applicant, stated he can answer any questions from the Planning Commission.

Michael Christopherson asked if the applicant wanted 100% of the garage to be utilized during working hours.

Russell Brimley said he didn't know that 100% was an option but would like to utilize that if it's possible.

Michael Christopherson asked James Sorensen if that's allowed and what they should be aware of if the Plannig Commission granted the applicant 100% of the garage.

James Sorensen explained that if the Planning Commission approves 100% of the garage space to be used during the business hours, we would just want to make sure that the applicant can comply with the conditions because the garage is primarily for the storage of vehicles.

Michael Christopherson asked the applicant how he planned to utilize the space.

Russell Brimley explained he planned on using the space during the approved working hours, then putting everything away and bringing the car back into the garage.

James Sorensen brought up no outside storage, that would be a violation of city code.

Monica Collard asked if the applicant wears a fresh air breather.

Russell Brimley explained that he does wear one.

Cameron Duncan asked if this would be seven days a week.

Russell Brimley explained that he only intends to work five days a week.

Michael Christopherson opened this item to public comment.

Michael Christopherson closed this item to public comment.

A motion was made by Cameron Duncan, seconded by Monica Collard that the Planning Commission approve a Conditional Use Permit for Russell Brimley for a Category II Home Occupation inside the attached garage for the property located at 8269 S. Fallbrook Circle based on the three findings and nine conditions listed in the staff report with a modification to condition number one, that the applicant not operate outside the proposed hours of 4:30 pm – 8:00 pm, and condition number seven, that the Planning Commission determine that 100% of the garage

can be used during the approved business hours.
