

Subject: Changes to your Waste Management Recycling Service

Dear Residents of Sandy City,

As you may be aware, the cost to recycle is continuing to rise nationwide. Sandy City and Waste Management are working together to keep your waste and recycling services affordable while maintaining excellent service.

Starting August 1, your recycling collection will decrease to every-other-week service. Your bill will NOT change. This change is intended to help offset any potential rate increases and maintain outstanding recycling collection. We do not anticipate this will negatively affect recycling levels across Sandy City.

Here are a few tips to help make more room in your recycling cart.

1. Recycle all empty plastic bottles, aluminum cans, paper and cardboard.
2. Empty and break down all cardboard boxes.
3. Keep plastic bags out of the recycling bin. No bagged recyclables.
4. Keep food and liquids out of the recycling.
5. When in doubt throw it out.

To find your new recycling service day, a recycling calendar, and other information, please go to [your online account](#) or call [###-###-####](#).

Thank you,

Your Team and Sandy City
