**Subject:** [EXTERNAL] Zoning Change, corner of Sanders and Brisbane  
**Date:** Sunday, July 16, 2023 8:03:15 AM

---

Thank you for taking the time to return my call and help me understand the posted request for zoning change for the old Indian Hills Seminary Building that is being requested by Latinos in Action.

I've discussed it with a group of neighbors that reside here on Brisbane Dr. and we're deeply concerned what the change in zoning may do to disrupt our peaceful neighborhood.

Because we live next door to Indian Hills Middle School, the school traffic already has a huge impact on our lives. We have to adjust our personal schedules to avoid being caught in the overwhelming onslaught of traffic that occurs every school day at 8:00 am and again at 3:00 pm. Since they remodeled Indian Hills and adjusted the ages of middle school attendees to include the 6th grade students, it seems as though the traffic has doubled.

That being said, we have no capacity for a commercial/industrial zoning that would/could add to the traffic.

Please do not approve the zoning request.
