OFFICER

Board and Commission Reappointments March 9, 2023

To: City Council
From: Community Development Department
Subject: Board of Adjustment and Planning Commission Reappointments

Mayor Zoltanski is requesting that the City Council provide consent to the following reappointments to the Board of Adjustment and Planning Commission. A resolution for each action is attached.

Board of Adjustment

Tyler Brown – Regular Member
Brian Jones – Regular Member
Burke Staker – Regular Member
Matt Hale – Alternate Member

Each of these members up for reappointment on the Board of Adjustment have done a wonderful job in fulfilling their responsibilities as a member of the Board. I wholeheartedly recommend that they all be reappointed to the Board of Adjustment for another term ending 3/31/2028.

Planning Commission

Cameron Duncan – Regular Member
David Hart – Move from Alternate to Regular Member

Cameron Duncan has done a wonderful job in fulfilling his responsibilities as a Planning Commissioner. I wholeheartedly recommend that he be reappointed to the Planning Commission for another term ending 3/31/2027.

David Hart was recently appointed by the Mayor and given consent with a unanimous vote by the City Council to serve as an alternate member of the Planning Commission. With the resignation of a Planning Commission member, it is recommended that Mr. Hart be moved from an alternate to a regular member. Mr. Hart has an extensive background in architecture and has already had the opportunity to participate as a regular Planning Commission member. I have been so impressed with Mr. Hart's skills and just his general knowledge in how the process works. I wholeheartedly recommend that David Hart be appointed as a regular member of the Planning Commission for a term ending 3/31/2027.

A handwritten signature in black ink that reads "James L. Sorensen". The signature is fluid and cursive, with a long horizontal stroke at the end.

James L. Sorensen
