

CHANGES TO YOUR **RECYCLING** PROGRAM

Beginning August 1, your recycling will be collected **every other week**, instead of once a week.

When will my new collection day be? Learn your new scheduled collection day for recycling by going to WWW.WEBSITE.COM or scanning the QR Code.

Who is affected? This change applies to Sandy City residents with Waste Management services only.

Why is recycling changing? The cost of recycling is increasing. This decrease in service is offsetting higher costs, allowing us to keep your recycling rates at the same affordable rate.

Does this mean my waste and recycling bill is going up? No. Your bill will stay the same.

Questions? Call (888) 496-8824.

We appreciate the opportunity to serve Sandy City!

8652 S. 4000 West
West Jordan, UT 84088

New recycling service
schedule starts August 1.
