
Program Year 2017-2018

Annual Action Plan

Sandy City, Utah

Document prepared by:

Mike Wilcox

CDBG Program Administrator

Community Development Department

10000 Centennial Parkway

Sandy City, Utah 84070-4148

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

In partnership with the U.S. Department of Housing and Urban Development (HUD), Sandy City is required to have in place an annual action plan as a grantee of the Community Development Block Group (CDBG) program. This annual action plan identifies funded projects that implement the needs and strategic objectives that are identified in the consolidated plan. Projects, including funding amounts, expected benefits and consistency with with the consolidated plan are described in this plan. This document represents the City's portion of the Salt Lake County Consortia's 2017-2018 Annual Action Plan, which reflects the goals and objectives which are specific to the City.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

As was established in the 2015-2019 Consolidated Plan, the City hopes to achieve three main objectives which are:

- (1) Decent, Affordable Housing
- (2) Suitable Living Environment
- (3) Economic Opportunities.

The three main outcomes of these objectives the City hopes to realize are:

- (1) Availability/Accessibility
- (2) Affordability
- (3) Sustainability

Sandy City has identified four main areas of focus and developed some associated goals that will help realize the outcome desired:

- Homeless Services and Support
- Special Populations Services
- Affordable Housing
- Community Development

The first is providing Homeless Services and Support. To accomplish this, we have set a goal to ensure homeless shelters are maintained and there is adequate outreach to those individuals. Another goal which builds from the first is to provide transitional then permanent housing solutions for those affected by homelessness. Everyone deserves the dignity and security that come from having a decent, affordable home and the benefits a suitable living environment provides.

The City is aware that many of its residents have unique needs and issues that relate to advanced age, physical impairments, mental impairments, HIV/AIDS, or other disabilities. With these unique circumstances, come unique needs and issues that require equally unique solutions to help address their issues. The City has set a goal to deliver senior citizen facilities and services. That facility was realized through CDBG funds and a Section 108 Loan that has serviced the city's senior population well. The City also recognizes other special populations that have several area wide agencies and non-profit groups that have specific services targeted at their unique circumstances. It is the City's goal to seek out and support those public service providers. It is important that our citizens' needs are met by making these programs available and accessible.

A majority of Sandy City enjoys high property values and homes that are well maintained. This is an issue for affordability of many people who desire to live in our city. The areas that are more affordable tend to be areas with aging housing stock that has been improperly maintained or neglected. As Sandy City ages, other areas could also fall victim to this same occurrence and could fall into decline. It is critical that we maintain our current housing stock and ensure that we have sufficient suitable living environments. It is also important to ensure we have a diversified housing stock to ensure there is sufficient affordable housing. To achieve this outcome, the city has set goals to create new affordable housing options, provide home rehabilitation assistance, and provide emergency or critical home repairs that improve safety and health of home. A healthy, sustainable city can be achieved by accomplishing these goals.

The last area of focus is Community Development. The oldest parts of the city has aging infrastructure that isn't up to current standards. There are accessibility issues due to this deficient state of infrastructure. There are also needs to provide programs for youth, seniors, and others. The City has made goals to correct those accessibility deficiencies through public improvements to its street infrastructure. These will promote economic improvements and accessibility to all residents. The City

also has a goal to seek out service providers that can provide the necessary programs to teach, train, and educate our community to further advance individual success.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

For several years the City has set out to improve in the areas of focus shown above. We have seen progress towards accomplishing those goals through the partnerships we've made with service providers and other government entities. While we have made measurable progress, the work is not yet done. We want to continue to improve in these areas over the next couple years of our 2015-2019 Consolidated Plan period. Now that the City has paid of the Section 108 loan used to pay for a Senior Citizen Center, we can direct more money to these areas to help realize the outcomes we desire.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Sandy City has an excellent group of dedicated citizens whom serve on our CDBG Advisory Committee. They come from all over the city and several that live within the areas of highest low/moderate income households. They are familiar with the needs of their neighborhoods and are dedicated to help them through the CDBG program. They meet several times a year to help guide the use of the CDBG program, assist in evaluation of potential service provider partners and help evaluate our current service provider effectiveness. They hold a large part in informing the plan and objectives of the CDBG program.

The City also seeks out consultation with the many service providers in the area, both non-profit and governmental, to better understand the needs of our residents whom they are serving. This level of personal details into the needs of our residents is invaluable. The City Council holds a public hearing each year and many of them provide information regarding those needs and how we can better serve them and reach those that are still underserved.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The minutes from the public comments received during the Public Hearings with the City Council will be added as an attachment.

6. Summary of comments or views not accepted and the reasons for not accepting them

n/a

7. Summary

While the projects we intend to fund during the coming fiscal year, will help achieve the goals and objectives, we realize that our limited available funding amount won't be able to meet all the needs of our community. It is the City's desire to have these funds applied in the most effective and efficient manner possible to achieve the greatest outcomes possible.

PR-05 Lead & Responsible Agencies - 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	SANDY CITY	Community Development

Table 1 – Responsible Agencies

Narrative

The Community Development Block Grant (CDBG) program is administered through the Community Development Department. Within the department, the City's Long Range Planning Manager also serves as the CDDG Program Administrator. This position is responsible for administration of the program, including preparation of plans and report, processing draw requests, coordination of the City's CDBG Committee, and monitoring subrecipients. The City's Finance Department is responsible for oversight of the program.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The various coordination activities in Sandy City and Salt Lake County highlight one of the key strengths in the institutional structure. This has been particularly true in many planning processes which involved a broad base of community representatives in a process to develop a common vision and strategic plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The preparation of the annual plan and the current consolidated plan involved consultation with other public and private agencies which provide assisted housing, health services and social services, including providers to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons.

Coordination of resources and compilation of data for the consolidated plan was accomplished through a multi-faceted process combined of public hearings, roundtables, special presentations, mail and telephone surveys with affected agencies and organizations. Coalitions, commissions, councils, boards and committees representing affected organizations throughout the area of jurisdiction were sought out for their participation.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

There are three Continuums of Care organized in Utah. The local Continuum of Care serves Tooele and Salt Lake County. It receives approximately \$6 million annually from HUD for project funding and collaboration. Salt Lake County is the lead agency for the local continuum. Salt Lake County has recently formed a steering committee to restructure the Continuum of Care, specifically to implement the Collective Impact Approach model. The Continuum of Care believes that the Collective Impact Approach will more closely align the Continuum with HUD's HEARTH program. The Collective Impact Approach is intended to:

- Take a system approach instead of a program approach;
- Be more data driven;
- Involve a broad group of diverse stakeholders; and
- Implement common principles and common metric throughout the community.

The steering committee is working on finalizing an agenda of goals, policies, and systems for the Continuum. It is their hope that municipalities will adopt the agenda to align housing decisions in the region. Until the agenda is in place, the Continuum has encouraged the cities to support HUD's goals of ending veteran homelessness, ending chronic homelessness, and ending family and youth homelessness. The intent being that the systems and programs are in place so that those in danger of homelessness have the necessary resources available to them.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City does not receive ESG funds and does not administer the HMIS program.

2. Agencies, groups, organizations and others who participated in the process and consultations

Table 2 – Agencies, groups, organizations who participated

1	Agency/Group/Organization	HOUSING AUTHORITY OF SALT LAKE COUNTY
	Agency/Group/Organization Type	Housing PHA Regional organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Meeting at the Housing Authority offices, tour public housing facilities, and a review of the draft 2015-2020 5 Year PHA Plan.

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Phone conversations with agency.

Identify any Agency Types not consulted and provide rationale for not consulting

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Salt Lake County	The primary role of the Continuum of Care is to reduce homelessness in the region, with the goal of functionally ending homelessness. The role of the Continuum of Care aligns with the City's goal to support programs providing essential services.
General Plan Housing Element	Sandy City	The City's General Plan is intended to guide City decision regarding future growth and development. The Housing Element of the General Plan was recently updated and has directly informed and influenced the creation of all of the City's 2015-2019 Consolidated Plan goals.
2015-2020 5 Year PHA Plan (draft)	Housing Authority of the County of Salt Lake	The Housing Authority's mission "to provide and develop quality affordable housing opportunities for individuals and families while promoting self-sufficiency and neighborhood revitalization" is aligned with the City's housing and essential services goals and all of the City's program objectives.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Wasatch Choices for 2040	Wasatch Front Regional Council	Wasatch Choices for 2040 is a regional planning effort developed over the last two decades that promotes shared "growth principles." The needs and goals of the Consolidated Plan are consistent with those identified in Wasatch Choice for 2040.

Table 3 - Other local / regional / federal planning efforts

Narrative

The City's involvement with the HOME Consortium and other regional councils and agencies puts the City in contact with other public entities and units of government which have influenced the preparation of the Consolidated Plan and this Annual Action Plan. The information provided by the many agencies that participated at that time has also been utilized in the preparation of this plan.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Citizens in Sandy City, especially those of low, very low, and extremely low-income are encouraged to participate in the development of the Consolidated Plan, its substantial amendments and the performance report. Also, citizens including minorities and non-English speaking persons, persons with mobility, visual or hearing impairments are also strongly encouraged to participate. It is the contention of the jurisdiction that citizens of an area are the best resource for identifying issues, suggesting solutions, developing and amending plans and programs to solve existing and future problems.

To help receive this input the City has formed a citizen's CDBG Advisory Committee that meets almost every month. These meetings are publicly noticed and open to the public. The City Council also holds a public hearing annually before decisions are made with determining allocations of the CDBG Grant.

Citizen Participation Outreach

Sort Order	Mode of Outreach	Target of Outreach	Summary of response/attendance	Summary of comments received	Summary of comments not accepted and reasons	URL (if applicable)
1	Public Meeting	Non-targeted/broad community	The public hearing was mostly attended by CDBG applicants.	The comments ranged from gratitude for supporting their programs, to making appeals to the council to support their programs or increase their funding. Some groups shared stories and experience on how these funds impact peoples lives.	n/a	
2	Newspaper Ad	Non-targeted/broad community	No responses were received due to newspaper add.	None	None	

Table 4 – Citizen Participation Outreach

Expected Resources

AP-15 Expected Resources – 91.420(b), 91.220(c) (1, 2)

Introduction

The City participates in both the CDBG program, as a grantee, and the HOME program, as a member of the Salt Lake HOME Consortium. The City does not participate in other HUD programs.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Reminder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	382,364	0	16,023	398,387	600,000	We anticipate funds to continue to decrease year over year as has been the pattern.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City does not have match requirements of the program funding or anticipated projects funded to serve community needs. The majority of community development projects directly managed by the City are generally leveraged through staff time and other resources funded by the general fund. It is likely that all public service subrecipients will be agencies that serve the region, and funds provided by the City are leveraged by other municipalities, Salt Lake County, the State, and charitable donations. The City has demonstrated that it seeks for and takes advantage of additional opportunities to leverage CDBG funds, and the City will continue to do so.

The City is exploring opportunities to leverage the CDBG funds with funds generated through the City's Economic Development Areas, which require a 15% set-aside for the construction of new affordable housing within the city.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City's Senior Center will continue to be essential to meeting needs identified in this plan. Additionally, it is expected that projects to address improvements and amenities will be built on City owned property, such as open space and parks, in neighborhoods that qualify for funding through the low- and moderate-income area benefit national objective. The City also owns remnant parcels and has sought to acquire additional land that currently has abandoned, distressed, or problem properties throughout the city, with the objective to rehabilitate or replace with new affordable housing.

Discussion

Annual Goals and Objectives

AP-20 Annual Goals and Objectives - 91.420, 91.220(c)(3)&(e)

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Maintain Homeless Shelters and Provide Outreach	2015	2019	Homeless		Homeless Services and Support	CDBG: \$20,500	Homeless Person Overnight Shelter: 400 Persons Assisted Homelessness Prevention: 22 Persons Assisted
2	Support Transitional & Permanent Housing Solutions	2015	2019	Homeless		Homeless Services and Support	CDBG: \$5,000	Homelessness Prevention: 22 Persons Assisted
3	Provide Critical Repairs for Safe and Healthy Home	2015	2019	Affordable Housing		Community Development Special Populations Services	CDBG: \$66,548	Homeowner Housing Rehabilitated: 32 Household Housing Unit
4	Support Essential Public Services and Programs	2015	2019	Non-Housing Community Development		Community Development Special Populations Services	CDBG: \$49,500	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 400 Persons Assisted Public service activities other than Low/Moderate Income Housing Benefit: 1900 Persons Assisted
5	Correct Accessibility Deficiencies	2016	2019	Non-Housing Community Development		Community Development	CDBG: \$200,000	Other: 1 Other

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
6	Provide Home Rehabilitation Assistance	2016	2019	Affordable Housing		Affordable Housing	CDBG: \$10,000	Homeowner Housing Rehabilitated: 1 Household Housing Unit

Table 6 - Goals Summary

Goal Descriptions

1	Goal Name	Maintain Homeless Shelters and Provide Outreach
	Goal Description	This project will include support for homeless shelters and support services.
2	Goal Name	Support Transitional & Permanent Housing Solutions
	Goal Description	This project will help provide housing counseling and support for persons experiencing homelessness.
3	Goal Name	Provide Critical Repairs for Safe and Healthy Home
	Goal Description	This project will include funding for weatherization improvements, emergency home repair, and accessibility design assistance.
4	Goal Name	Support Essential Public Services and Programs
	Goal Description	This project will provide a variety of public services for emergency food, housing outreach, crisis child care, legal support, youth mentoring, domestic abuse counseling, victim advocacy, etc.
5	Goal Name	Correct Accessibility Deficiencies
	Goal Description	The Historic District of Sandy City has infrastructure deficiencies that impede accessibility in the area. A project to rebuild a portion 8680 South in this district will make this road section compliant with ADA and improve infrastructure that will benefit this area at large.

6	Goal Name	Provide Home Rehabilitation Assistance
	Goal Description	Provide assistance to low to moderate income home owners for the rehabilitation of their existing home.

Table 7 – Goal Descriptions

AP-35 Projects - 91.420, 91.220(d)

Introduction

For the 2017-2018 program year, the city has maintained a low percentage of CDBG funds to fund the administration of the grant (13.4%) which is below the maximum allowed (20%). The City intends to maximize the allowable funding (15%) for public services. With the Section 108 Loan used to construct the Senior Center now paid off during the 2015-2016 program year, the majority of the CDBG funds will be focused on street infrastructure needs in Historic Sandy to rebuild a section of 8680 South. The remainder of the CDBG funding is proposed to be allocated to fund a public service provider facility improvement, maintenance of transitional housing within Sandy, emergency home repairs and home accessibility improvements for Sandy residents.

#	Project Name
1	Administration
2	Housing Rehabilitation/Economic Development/Infrastructure
3	Public Services

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The proposed projects to be funded during FY 2017-2018, have been allocated based on priorities set in the 2015-2019 Consolidated Plan. In selecting which applications to fund and how much to allocate to each project, there are always hard decisions to make. All of the applications are for good organizations attempting to better our community and provide services and create opportunity for those whom are low to moderate income. However, some requests for funding better align with the priorities Sandy City has set out to accomplish with our limited CDBG funds. In a perfect scenario, the city would have enough funds granted from HUD to satisfy the overwhelming requests we receive each year. However, that fund is decreasing each year, and the dollars we can allocate to these programs is diminishing.

AP-38 Project Summary

Project Summary Information

1	Project Name	Administration
	Target Area	
	Goals Supported	Support Essential Public Services and Programs
	Needs Addressed	Community Development
	Funding	CDBG: \$46,839
	Description	Program administration including salaries and non-salary costs. Provide basic administrative funding for operating the CDBG program and other community development activities assisted in whole or in part with funds provided under the CDBG or HOME programs.
	Target Date	6/30/2018
	Estimate the number and type of families that will benefit from the proposed activities	These funds won't directly benefit low to moderate income families, but will cover costs to administer the CDBG program.
	Location Description	
	Planned Activities	These funds are to be applied towards the costs of administering the grant program for Sandy City for the following activities: Planning & Capacity Non-Salary Planning & Capacity Building Administration
	Project Name	Housing Rehabilitation/Economic Development/Infrastructure

2	Target Area	
	Goals Supported	Correct Accessibility Deficiencies Provide Critical Repairs for Safe and Healthy Home Support Essential Public Services and Programs
	Needs Addressed	Homeless Services and Support Special Populations Services Affordable Housing Community Development
	Funding	CDBG: \$295,048
	Description	This project will support efforts to help rebuild and improve street infrastructure in Historic Sandy, provide funding public service facility improvements, fund emergency home repairs, and accessibility design assistance.
	Target Date	6/30/2018
	Estimate the number and type of families that will benefit from the proposed activities	Through the funding of several organizations and activities, we estimate that over 500 individuals and 32 households will benefit from these funds. These benefited families will almost all be of extremely low to moderate income. The Historic Sandy Area in general will benefit from the proposed road improvements, which is home to a large number of our low to moderate income households within Sandy City.
	Location Description

Planned Activities	<p>There are several planned activities of various public service providers in the community that will provide the following services: emergency food, housing outreach, crisis child care, legal support, victim advocacy, counseling, domestic abuse counseling, and shelters.</p> <p>The following are the organizations that will carry out those services and activities:</p> <ul style="list-style-type: none"> SL CAP - South County Food Pantry South Valley Services - Domestic Violence Victim and Advocacy Services Road Home - Homeless Shelter Operations Road Home - Transitional Housing Operations YWCA - Domestic Abuse Shelter and Services - Women in Jeopardy Program Community Health Centers - Dental and Medical Services Family Support Center - Crisis Nursery and Counseling

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Sandy City has been classified as an "exception" community with regards to eligible areas for receipt of CDBG eligible projects. The threshold for Sandy City is 32.5% LMI within a census tract. Generally speaking, the eligible LMI areas lie west of 700 East street.

Geographic Distribution

Target Area	Percentage of Funds

Table 9 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Geography was not a determination in allocating 2017-2018 program year funds.

Discussion

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

It is the goal and objective of the City's proposed projects and activities for the 2017-2018 CDBG Program Year to do the following: 1) maintain affordable housing; 2) make homes safe and healthy; 3) reduce the number of poverty level families; 4) develop relationships with direct service providers to enhance coordination and effectiveness of our CDBG program.

Actions planned to address obstacles to meeting underserved needs

Limited funding and high housing costs are primary obstacles to addressing underserved needs. The City will continue to seek programs and activities to more efficiently meet community needs through leveraging funds, better coordination with and awareness of local organizations, and seeking to meet needs with resources other than CDBG funding.

Actions planned to foster and maintain affordable housing

The range and availability of housing types within the City has significantly increased in recent years. The City is a member of the HOME Consortium and is currently formulating plans to use EDA housing set-aside funds to create new affordable housing units. The proposed 2017-2018 HOME Consortium allocation includes an approximate \$50,000 set-aside for the Community Development Corporation's down-payment assistance program to be used to serve Sandy City and South Jordan City. It is expected that 10 homes will be served between the two cities. CDBG funds during 2017-2018 are being allocated to emergency housing repairs, and residential accessibility improvements to address the goal to maintain existing housing for low to moderate income households.

In addition, the City plans to use the affordable housing set-aside funds from the Economic Development Area (EDA) to eliminate blight and create new affordable housing units. The city has already acquired several parcels and demolished blighted homes from these sites. The city is working on a plan to engage the local development community to build these new homes and sell them to low to moderate individuals. Over the next five years, the City hopes to create at least ten new affordable housing units, and for these funds to be a perpetual and revolving fund to continue the creation of new affordable housing options within Sandy.

Actions planned to reduce lead-based paint hazards

Approximately 45% of the City's housing units were built prior to 1978, when lead-based paint was banned. The Salt Lake County Health Department is focused on education. It is recommended that city residents in housing units built prior to 1978 become familiar with the dangers of lead-based paint and actions that can be taken to reduce those hazards. Information is available from the Salt Lake County

Health Department at: www.slcohealth.org/programs/leadfreekids/index.

Actions planned to reduce the number of poverty-level families

One of the purposes to help fund public services is to provide our residents opportunities to get educated and receive the temporary assistance they need to break the cycle of poverty. By providing CDBG funds to residents that need emergency assistance, we meet their immediate needs. By providing them tools through counseling and education, they can get on the path of self-sufficiency.

Actions planned to develop institutional structure

The City is constantly striving to most effectively utilize the limited funds received to address needs within the community. The City intends to seek more effective outreach methods to the public in order to incorporate more community input. Additional training is also planned to increase awareness of the CDBG program among City staff to better coordinate the goals of the Consolidated Plan with potential projects, resources, and capacity of individual departments.

Actions planned to enhance coordination between public and private housing and social service agencies

The CDBG Advisory Committee will continue to tour the facilities of funded public service agencies. The CDBG Coordinator will continue to increase the number of on-site monitoring visits and do so more regularly. The CDBG Administrator will continue to serve on the HOME Consortium and coordinate with housing providers, public service providers, and other government entities.

Discussion

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

Introduction

The City Council will consider the proposed budget for the FY 2017-2018 CDBG Grant, after reviewing and approving the CDBG Advisory Committee's recommendation. Please see the attached appendix.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	70.00%

Discussion

Sandy City has attempted to maximize the funds received from HUD through this CDBG program as much as possible. The city's general fund will be used to leverage the CDBG grant for the next two years to complete the proposed road improvement project for 8680 South Street. These funds will go towards the projects shown herein and will be spent through delivery partners that will directly benefit our low to moderate income residents or those that live in our low to moderate income areas.
