In accordance with, Utah Code 52-4-207(4) Open and Public Meeting Act, I have determined that to protect the health and welfare of Sandy citizens, an in-person City Council meeting, including attendance by the public and the City Council is not practical or prudent.

Considering the continued rise of COVID-19 case counts in Utah, meeting in an anchor location presents substantial risk to the health and safety of those in attendance because physical distancing measures may be difficult to maintain in the Sandy City Council Chambers.

The Center for Disease Control states that COVID-19 is easily spread from person to person between people who are in close contact with one another. The spread is through respiratory droplets when an infected person coughs, sneezes or talks and may be spread by people who are non-symptomatic.

It is my intent to safeguard the lives of Sandy residents, business owners, employees and elected officials by meeting remotely through electronic means without an anchor location.

Council Office staff are hereby authorized and directed to include a copy of the above notice with each City Council agenda.

PRESENTED TO

City of Sandy City

Utah

For the Fiscal Year Beginning

July 1, 2020

Christopher P. Morill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of Sandy City, Utah for its annual budget for the fiscal year beginning July 1, 2020. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Dear Residents of Sandy,

Thank you for taking the time to read through the proposed FY 2022 city budget. This document proposes where and how your tax dollars will be spent for the next fiscal budget year which runs from June 2021-June 2022.

At the outset of the COVID-19 pandemic last year, staff projected general revenues to decrease by \$2.3 million due to potential mandated closures, high unemployment figures, and pessimistic economic forecasts. In spite of the challenges presented by the virus, Sandy's local economy has remained strong.

Revenue estimates in FY 2021 are currently projected to outpace original projections by \$4.7M. In FY 2022, the City remains conservative in its general revenue projections, recognizing the continued constraints of COVID-19 and potential changes to Sales Tax and Road Fund distributions due to a new population estimate in the Census.

While the City projects conservative growth in its FY 2022 revenues, it recognizes that COVID-19 will continue to impact several of its key revenue streams. Transient Room Taxes, Licenses & Permits, and Court Fines are amongst several notable revenues that have been impacted over the last year due to the global pandemic. While some are expected to recover in the coming fiscal year, others may take several years to return to their pre-pandemic levels. As a result, the City will continue to closely monitor its revenue and expenses in FY 2022.

The FY 2022 proposed budget will focus funds on improving infrastructure, a significant investment in capital projects, fleet replacement and personnel needs.

Infrastructure

Maintaining our infrastructure has consistently been a high priority for the Sandy City budget. The FY 2021-2022 proposed budget includes \$4.7 million towards infrastructure improvements. This is made possible by an increase of state funding of \$1.8 million. Some of those improvements include the 9400 South and 700 East intersection, the 9270 South Trail connection and upgrades to traffic signals in the city.

Capital Projects

Revenue surpluses in FY 2021 have allowed the City to commit \$4.9 million in one-time general revenues to capital projects; including a \$2.5 million appropriation to go toward the replacement of the Alta Canyon Sports Center. The City is also committing \$7.5 million in restricted revenues for various parks, roads, trails, and building improvements as well as \$10.6 million for water, storm water, and street lighting projects.

Fleet Replacements

The FY 2022 Budget returns the City's Fleet Replacement funding to pre-pandemic levels. This year the City has also allocated an additional \$335,000 to address needed fleet replacements. The City continues to try and balance the costs associated with fleet vehicle replacement with those required for the ongoing maintenance of its older vehicles. Ideally, the City strives to replace vehicles when their re-sale value outweighs the anticipated future maintenance costs it would take to keep the vehicle operational.

Personnel

The demand for experienced public employees continues to be highly competitive in the Salt Lake Valley, particularly amongst frontline workers. To ensure that Sandy continues to maintain a highly qualified employee workforce, the FY 2022 budget includes a \$2.35 million compensation plan.

This proposed budget will be presented to City Council on April 27th, 2021. The council will then hold multiple budget hearings during council meetings which will include public comment. The city budget should reflect the priorities of its citizens. If you would like to advocate for the inclusion of other priorities, please attend council meetings on Tuesday night and let us know where you think the budget should be improved. The final vote on the FY 2021-2022 budget must be held by June 30, 2021.

If you have additional questions, please reach out to my office or my staff. We would be happy to meet with you to discuss. Deciding how to spend your hard-earned tax dollars isn't a duty we take lightly and we appreciate your trust and welcome your involvement. These tax dollars are the driving force of the services we can provide and they ensure we all maintain and improve the quality of life we expect in Sandy. Thank you for the honor of serving you and your family!

Sincerely,

Mayor Kurt Bradburn

FY 2021-22 Budget In Brief

A Quick Overview of the Mayor's Tentative Budget

General Fund Revenues

Sandy's Economy Remains Strong

At the outset of the COVID-19 pandemic last year, staff projected general revenues to decrease by \$2.3 million due to potential mandated closures, high unemployment figures, and pessimistic economic forecasts. In spite of the challenges presented by the virus, Sandy's economy remained strong. Revenue estimates in FY 2021 are currently projected to outpace original projections by \$4.7M. In FY 2022, the City remains conservative in its general revenue projections, recognizing the continued constraints of COVID-19 and potential changes to Sales Tax and Road Fund distributions due to a new population estimate in the Census.

Fleet Replacements

The FY 2022 Budget returns the City's Fleet Replacement funding to pre-pandemic levels. This year the City has also allocated an additional \$335,000 to address needed fleet replacements. The City continues to try and balance the costs associated with fleet vehicle replacement with those required for the ongoing maintenance of its older vehicles. Ideally, the City strives to replace vehicles when their re-sale value outweighs the anticipated future maintenance costs it would take to keep the vehicle operational.

Personnel Expenses

The demand for experienced public employees continues to be highly competitive in the Salt Lake Valley, particularly amongst frontline workers. To ensure that Sandy continues to maintain a highly qualified employee workforce, the FY 2022 budget includes a \$2.35 million compensation plan.

Market Impacts on Internal Services

This year the City has added \$918,000 in internal service expenses. Much of these increased costs have been the result of market forces and demand. Others have been influenced by the pandemic and requests to move traditional city services to online platforms. These increased expenses have been allocated to departments via internal service charges.

Information Technology

- Chief Information Officer Position
- New Electronic Plan Submission Software
- New Electronic Bidding Software

Risk Management

- 20% Increase in Property Insurance
- 15% Increase in Workers Compensation
- 20% Increase in Liability Insurance Costs

Fleet Operations

- \$80,000 Projected Increase in Parts Costs
- Reduced Anticipated Revenue from Sale of City Vehicles

Commitment to Capital Projects

Revenue surpluses in FY 2021 have allowed the City to commit \$4.9 million in one-time general revenues to capital projects; including a \$2.5 million appropriation to go towards the replacement of the Alta Canyon Sports Center. The City is also committing \$7.5 million in restricted revenues for various parks, roads, trails, and building improvements as well as \$10.6 million for water, storm water, and street lighting projects.

  No Increases to Utility Rates in FY 2022 

Constraints of the Pandemic

While the City projects conservative growth in its FY 2022 revenues, it recognizes that COVID-19 will continue to impact several of its key revenue streams. Transient Room Taxes, Licenses & Permits, and Court Fines are amongst several notable revenues that have been impacted over the last year due to the global pandemic. While some are expected to recover in the coming fiscal year, others may take several years to return to their pre-pandemic levels. As a result, the City will continue to closely monitor its revenue and expenses in FY 2022.

Notes to the Consolidated Budget Schedule

Internal Services and Transfers - The consolidated schedule attempts to eliminate double counting, and therefore it excludes internal services charges both as financing uses in the departments and as revenue in the internal service funds. By so doing, the costs of internal services such as fleet, information technology, and risk management are broken out into individual components such as personnel, materials & supplies, capital outlays, etc. The consolidated schedule also excludes all interfund transfers.

Capital Outlays - The capital outlays line includes all operating and non-operating capital outlays as well as all capitalized labor, materials, and supplies. As a result, the personnel services line includes all salary and benefit costs except those that have been capitalized which are \$1,784,103 for FY 2022. Capitalized material and supplies total \$39,933. Capitalized internal services are omitted to avoid double counting.

Capital Carryovers - Each year, any unspent appropriation for capital projects is reappropriated in the next year. The City Council holds a public hearing before approving these carryovers in a meeting usually scheduled at the beginning of October. The FY 2021 estimated column reflects the original FY 2021 budget, plus any revisions made during the year, including capital project carryovers. Updated revenue and expenditure estimates are also reflected. At the close of FY 2021, any remaining appropriation will be reappropriated in FY 2022.

Debt Service - The FY 2022 debt service line includes \$6,564,730 used to retire current debt.

GOALS & OBJECTIVES

Sandy City has adopted the following mission statement:

“Working together to enhance the quality of life in our community”

Consistent with this mission, the Fiscal Year 2021-22 (FY 2022) budget reflects the input of numerous individuals and groups, including the Mayor, the City Council, citizens, the Chief Administrative Officer, department heads, budget staff, and others. This section outlines eight citywide goals that have shaped budgetary decisions for this fiscal year in efforts to enhance the quality of life for Sandy’s citizens. Although all eight goals are important, the goal of maintaining and improving basic core municipal services is the highest priority.

FY 2022 CITYWIDE GOALS

- 1) Maintain and improve basic core municipal services
- 2) Maintain integrity of residential neighborhoods and preserve property values
- 3) Preserve and improve public infrastructure and transportation systems
- 4) Preserve and expand existing businesses / seek new clean commercial businesses
- 5) Develop and improve the City’s recreational trails and increase recreational opportunities (i.e., provide park and green spaces for recreational activities and to enhance the environment)
- 6) Develop and maintain community facilities
- 7) Strengthen communications with citizens, businesses, and other institutions
- 8) Maintain a highly qualified employee workforce

GUIDING FINANCIAL PRINCIPLES

While the city’s long-term goals and objectives guide what the budget accomplishes, how that is accomplished is based on the following guiding principles:

- Sandy City exists only to serve the needs of its citizens. Since these needs are continuing and changing, the city should consistently receive citizen feedback based on both long-term and current needs.
- Sandy City should strive for economy, efficiency, and effectiveness in providing basic services. Thus, these services should not cost more than similar services provided by private industry.
- Sandy City should strive for generational fairness. Thus, each generation of taxpayers should pay its fair share of the long-range cost of these city services.
- Sandy City should finance services rendered to the general public (such as police, fire, streets, and parks) from revenues imposed on the general public, such as property and sales taxes. Special services rendered to specific groups of citizens should be financed by user fees, impact fees, license and permit fees, or special assessments.
- Sandy City should balance all budgets annually, in accordance with Utah law (Section 10-6-110, U.C.A. and 10-6-117, U.C.A.).
- Sandy City should allow for a reasonable surplus (fund balance) to accumulate for the following purposes:
 - To provide sufficient working capital
 - To provide a cushion to absorb emergencies such as floods, earthquakes, etc.
 - To provide for unavoidable shortfalls in revenues
 - To secure the City’s debt and its bond rating
 - To accumulate funding for planned capital expenditures
 - To meet reserve requirements for liabilities already incurred but not yet paid as is the case with the Risk Management Fund

The city has adopted specific policies based on these guiding principles by which it conducts its financial affairs. These policies are stated in the following sections that discuss the budget process, financial structure, revenue, debt, and capital projects.

BUDGET PROCESS

BUDGET ROLES AND RESPONSIBILITIES

Sandy City Citizens – The citizens’ role is to provide feedback to the elected officials about the level of service they desire and about how satisfied they are with the services provided. They do this by participating in public hearings, contacting City Hall, or by responding to citizen surveys.

The City Council – The Council’s role is to provide policy direction to the Mayor, City Administrator, Department Heads, and Budget Staff. Council members also facilitate citizen input by holding public hearings on the tentatively adopted budget. They receive a tentative budget from the Mayor on or before the first regularly scheduled meeting in May. Council members also discuss the budget with the Mayor and each department and determine whether to add new items to the budget or to increase or decrease appropriation amounts. The City Council legally adopts the final budget by resolution on or before June 30, unless there is a change to the certified tax rate permitting adoption of the final budget as late as August 17.

The Mayor – The Mayor’s role is to prepare and present a tentative budget to the City Council for review, consideration, and adoption.

FISCAL YEAR 2022 BUDGET CALENDAR

Date	Event
January - December	Receive citizen input through focus groups, surveys, community meetings, public comment, social media and other electronic correspondence, and personal conversations.
January	Establish broad priorities and goals
	Develop short and long-term forecasts
	Prepare budget guidelines
February	Budget workshop with elected officials and department heads
	Develop preliminary revenue estimates
	Finalize internal service and administrative cost studies
February – March	Review department budget requests
	Review and update fee schedule
March – April	Finalize revenue forecasts
	Finalize compensation plan
	Review and balance Mayor’s tentative budget
	Prepare and publish Mayor’s tentative budget
April 27	Present Mayor’s tentative budget
May 4	Adopt tentative budget and set public hearing by resolution
May – June	Review and discuss tentative budget
June 15	Public budget hearing
June 30	Deadline to adopt final budget

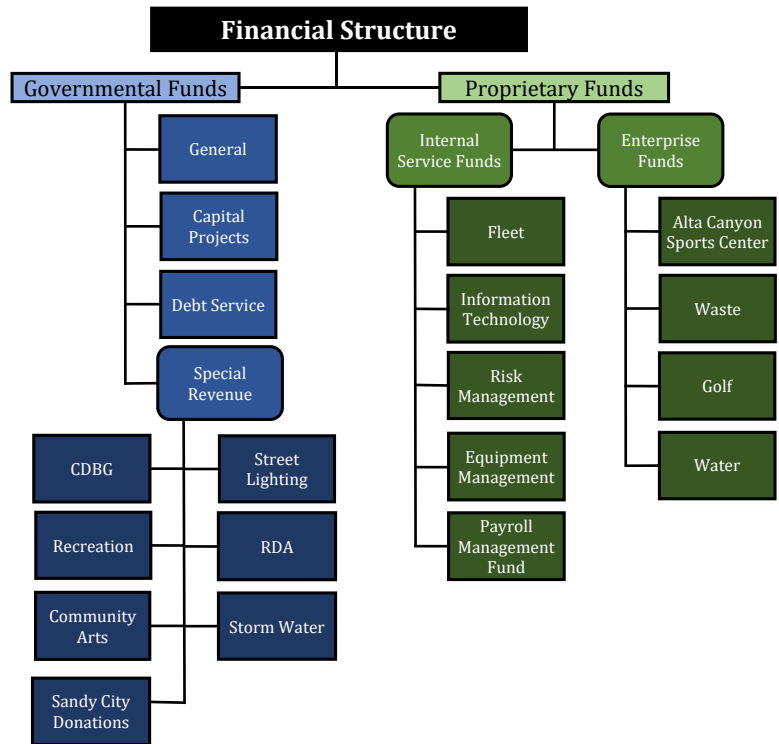

The Chief Administrative Officer (CAO) – The CAO’s role is to oversee the budget process as the city’s Chief Budget Officer, making sure the budget is balanced and that appropriations are within projected revenues. With the Mayor’s approval, the CAO prepares a tentative budget that is presented to the City Council on or before the first regularly scheduled meeting in May. The CAO also holds each department accountable for expenditures, making sure they are within departmental budget appropriations.

The Department Heads – The department heads’ role is to prepare a budget request based on available revenue and the policy direction they have been given. Department heads are also responsible for ensuring their department’s expenditures are within budget appropriations.

The Budget Staff – The budget staff’s role is to prepare the tentative and final budget document under the direction of the Mayor and the Chief Administrative Officer. The staff members also review departmental budget requests and available resources and make recommendations for balancing the tentative budget.

BUDGET AMENDMENTS AND MANAGEMENT

Once adopted, the budget can be amended by subsequent City Council action. Reductions in or reallocations of departmental appropriations can be approved by the City Council upon recommendation of the Budget Officer, but appropriations cannot be increased in a governmental fund without a public hearing. Transfers of unexpended appropriations from one expenditure account to another in the same department can be made with the approval of the Budget Officer. Pursuant to Resolution 20-23 C, a department is designated by the first two digits of its organizational code as structured in the chart of accounts at the time of the budget’s adoption.

As determined by State law, the level for which expenditures may not legally exceed appropriations is the departmental budget within a given fund. The City Council also requires approval for any expenditure exceeding appropriations at the project level for all capital projects. All unexpended budget appropriations lapse at the end of the budget year. However, unexpended Capital Projects Fund appropriations may be reappropriated by a resolution of the City Council without holding public hearings.

FINANCIAL STRUCTURE

The various funds used for accounting and reporting purposes are the foundation of the city’s financial structure. In a like manner, the various departments within the city are the backbone of city operations. The city’s departments are groups of similar functions or programs that provide for efficient management. They also provide a framework for the budget that is conceptually easier to understand. Furthermore, the total appropriation for each department within a given fund is the legal spending limit specified by state law. The fund types, organized by functional department in this document, are described and illustrated hereafter. Furthermore, the schedule on page 11 illustrates the relationship between the city’s financial structure and the functional units.

Governmental Funds

Governmental funds account for most of an entity’s activities that are financed through taxes. Governmental funds are classified into four types:

- 1) The General Fund provides the resources necessary to sustain the day-to-day activities of a governmental entity. This fund records all assets and liabilities of the entity that are not assigned to other funds.
- 2) Special Revenue Funds are restricted or committed to a specific purpose other than debt service or capital projects.
- 3) Capital Projects Funds are reserved for long-term capital investment projects such as the acquisition, construction, or renovation of buildings.
- 4) Debt Service Funds are established to accumulate sufficient resources to make principal and interest payments on debt that has been issued.

Proprietary Funds

Proprietary funds account for an entity's business-type activities that are financed by fees or charges for services. Proprietary funds include the following:

- 1) Internal Service Funds are established to account for goods or services that are provided by one department to another department on a cost reimbursement basis.
- 2) Enterprise Funds are used for goods or services provided to the public on a user charge basis, similar to the operations of a commercial business (e.g., providing water and sewage utilities).

FUND BALANCE AND RESERVES

Utah state law allows cities to accumulate retained earnings or fund balances as appropriate in any fund (see U.C.A. 10-6-116). However, the law restricts balances in the General Fund as follows: (1) any fund balance less than 5% of estimated revenue may be used for working capital, certain emergency expenditures, or to cover an unexpected revenue shortfall that would result in a year-end excess of expenditures over revenues; (2) any fund balance greater than 5% but less than 25% may be used for budget purposes; and (3) any fund balance in excess of 25% must be included in the appropriations of the next fiscal year. The City has set a target General Fund balance of 11.5% for FY 2022.

Sandy City accumulates fund balances in its various funds for the following purposes:

- To avoid short-term debt that might be needed to provide working capital
- To meet unexpected expenditures as the result of an emergency
- To secure the city's debt and its bond rating.
- To accumulate funding for planned capital expenditures including the replacement of capital assets
- To meet reserve requirements for liabilities already incurred but not yet paid as is the case with the Risk Management Fund

All excess funds are invested consistent with the State Money Management Act (see 51-7, U.C.A.) The resultant interest income is used as an additional revenue source in each fund. The chart above shows the history of fund balance in the General Fund. The schedule on page 11 summarizes the beginning and ending fund balances in the various funds of the city. The small decrease in the Debt Service fund balance results from using debt service reserves to pay for debt service payments. The beginning fund balance in RDA primarily consists of the estimated surplus in the redevelopment funds at the end of FY 2021. Estimated fund balance in the FY 2022 budget will be used for future capital projects identified in the Economic Development Capital Facilities Plan.

BASIS OF BUDGETING

Basis of budgeting refers to when revenues or expenditures are recognized in the accounts and reported in the financial statements. Basis of budgeting relates to the timing of the measurements made, regardless of the measurement focus applied.

The budgeting treatment applied to a fund is determined by its measurement focus. All governmental funds are budgeted for on a spending or "current financial flow" measurement focus. This means that only current assets and current liabilities are generally recognized. "Current" for the balance sheet (assets/liabilities) measurement means that which will be received or paid within the next year. Non-governmental funds (enterprise and internal service funds) are budgeted for on a cost of services or "economic resources" measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Regardless of the measurement focus, depreciation is not budgeted.

All governmental fund budgets are based on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available and qualify as current assets. Taxes and special assessments are accrued as receivables if they are received within 60 days after the fiscal year end. Principal revenue sources susceptible to accrual include property taxes, sales and use taxes, franchise taxes, special assessments, and interest on investments. Furthermore, expenditures are recorded when current fund liabilities are incurred. For example, capital acquisitions and bond issuance costs are expensed and not capitalized and depreciated or amortized over the life of the assets. Exceptions to this general rule include: (1) the long-term portion of accumulated unpaid vacation; and (2) principal and interest on general long-term debt which are recognized when due.

All enterprise and internal service fund budgets are based on the accrual basis of accounting. Under the accrual basis, revenues are recorded when earned and expenses are recorded when the related liability is incurred. The city applies all applicable Governmental Accounting Standards Board (GASB) pronouncements to proprietary funds. Pronouncements of the Financial Accounting Standards Board (FASB) are applied if issued on or before November 30, 1989 and do not conflict with GASB pronouncements.

REVENUE & TAXATION

Sandy City is funded through two categories of revenue: taxes and fees. Tax revenue is primarily used to pay for services provided to the public in general such as police, fire, streets, and parks. The City also provides services that benefit specific groups of citizens for which a specific fee is charged which is intended to pay for all or part of the costs incurred to provide that service. The City follows the revenue policies below:

REVENUE POLICIES

- Sandy City should estimate revenues conservatively to avoid unexpected deficits and to provide a funding source for capital project needs
- Sandy City should seek to use a portion of ongoing revenue for one-time expenditures, thereby mitigating the effects of a downturn in ongoing revenue
- Sandy City should minimize the use of one-time revenue to fund ongoing services
- Sandy City should aggressively collect all revenues or taxes due
- Sandy City should annually review user fees, impact fees, license and permit fees, and special assessments:
 - To determine that the full long-term service costs are not being subsidized by general revenues or passed on to future generations of taxpayers
 - To determine the subsidy level of some fees
 - To consider new fees
- Sandy City should waive or defer fees only in accordance with the administrative appeal procedure under standards set by the City Council. The Finance Director has been designated as administrative appeal officer to review all revenue appeals. All fees waived or deferred must be documented and submitted to the City Treasurer. In addition, any fee determined to be uncollectible must be approved to be written off by the Finance Director.
- Sandy City should seek to maintain a stable tax rate. Generally, taxes should not be increased unless:
 - Inflation has clearly forced operating costs upward faster than tax growth
 - New services are instituted to meet citizens' needs
 - Otherwise determined to be in the best interest of the City as determined by the City Council

REVENUE ANALYSIS

General Taxes & Revenue – The remainder of this section will provide information on the major tax revenue sources used to fund the city's general government services.

The chart on the right shows the four sources that comprise 78% of the General Fund revenue. Sales tax revenue fluctuates more with the economy than the other revenue sources. Property taxes are expected to remain stable, however negative growth has been projected in the other major revenue sources, including franchise taxes and state road funds. The reasons for these shifts are outlined in the sections that follow.

User Fees – User fees are based on an analysis of how much of the cost should be covered by the fee versus how much should be subsidized by general taxes and revenue. Factors considered in the analysis include:

- The current and long-term costs of providing the service
- Whether the service benefits the general public versus an individual user
- Whether the same service can be offered privately at a lower cost
- How the fees compare with those charged by other cities

SALES TAX

Sales tax is Sandy City's largest revenue source contributing 41% of General Fund revenue. State law authorizes cities to receive sales tax revenue based on the process described in the chart shown here. Sales tax revenue is forecasted by the finance department using a qualitative method which makes assumptions about each of the relevant factors in this distribution model. Trends in each of the relevant factors were analyzed as follows:

Population Data – Changes in population data can have a significant impact on sales tax revenue. In the past, Sandy has received a significant decrease in sales tax collections due to the 2010 census which showed a decline in Sandy's population. Sandy now receives a smaller share of the statewide sales tax distribution than it has in past years, and despite seeing some population growth in the city that growth will be outpaced by the rest of the state, resulting in a declining share of the statewide pool.

Statewide Sales – With half of the sales tax revenue coming from the statewide pool, the amount of statewide sales is a major factor in the estimate. Despite the pandemic, statewide taxable sales have remained strong overall, with consensus forecasts from state, academic, and policy institutions expecting modest growth through the rest of the current calendar year. Including other changes, the FY 2022 forecast for Sandy City reflects a 4.1% increase in the statewide pool, compared to the updated FY 2021 estimates. Compared to the conservative forecasts in the FY 2021 adopted budget this is more than a 29.2% increase.

Sandy City Sales – With the other half of sales tax revenue deriving directly from sales made in Sandy, it is important to project separately the growth in retail sales made in Sandy. Local sales have lagged in recent years compared to statewide sales. The FY 2022 forecast reflects less than a 1% increase in Sandy taxable sales compared to the FY 2021 estimates, and more than a 19.8% increase compared to the FY 2021 adopted budget.

Transportation Sales Tax – On October 1, 2018, Salt Lake County began to collect an additional sales and use tax of 0.25% to fund highway and public transit projects. In FY 2020, Sandy City began to receive 0.10% of this 0.25%. In FY 2022, this is expected to generate just under \$2.2 million for transportation needs. Consistent with state restrictions on the new revenue source (UCA 59-12-2219), Sandy City has utilized the funds for capital projects on class B & C roads in addition to other traffic and pedestrian safety projects.

PROPERTY TAX

Property tax is Sandy City's second largest source of tax revenue accounting for 20% of general fund revenue. Both Sandy City and Alta Canyon Sports Center, which is managed and operated by Sandy City, levy a property tax. By virtue of Alta Canyon's status as a special district, this tax is separate from the Sandy City property tax. The following chart shows historical tax rates for the city and how they relate to an average \$423,400 property. Residential properties are taxed at 55% of their value, while business and state assessed properties are taxed at 100% of their value.

Truth in Taxation – In order to understand property tax in Utah it is necessary to understand a section of Utah law known as “Truth in Taxation.” The county is responsible for administering property taxes and each June it submits to the cities a certified tax rate that would generate the same amount of revenue as the previous year plus any new growth. The certified tax rate does not provide for additional tax revenue due to increased valuation of existing property. If the city adopts a tax rate higher than the certified rate, state law has very specific requirements for noticing and public hearings, from which the name “Truth in Taxation” is derived.

Revenue Projections – The relevant factors in the preliminary property tax forecast include the tax rate and new growth. According to state statute, the adopted tax rate and budgeted revenue is provided by the Salt Lake County Auditor's Office in June.

Property Tax Rate –Sandy City's property tax rate is modest compared to neighboring cities and similar sized cities in Utah as illustrated in the chart on the left. The chart on the next page shows a typical percentage collected by Sandy City as compared to other taxing entities.

New Growth – New growth is initially estimated using a trend analysis and using a report of new construction generated by the city’s Building Division. Since the growth number used in the final budget must match the county’s number, adjustments are made as needed.

FRANCHISE TAX

Franchise Taxes are the third largest source of General Fund revenue generating 12% of general fund revenue. The relevant factors in forecasting franchise fee revenue are as follows:

Tax Rate – Sandy City charges a 6% municipal energy tax to the electric and natural gas providers. In addition, the City charges 5% for cable television and 3.5% for telecommunication services (set by State law).

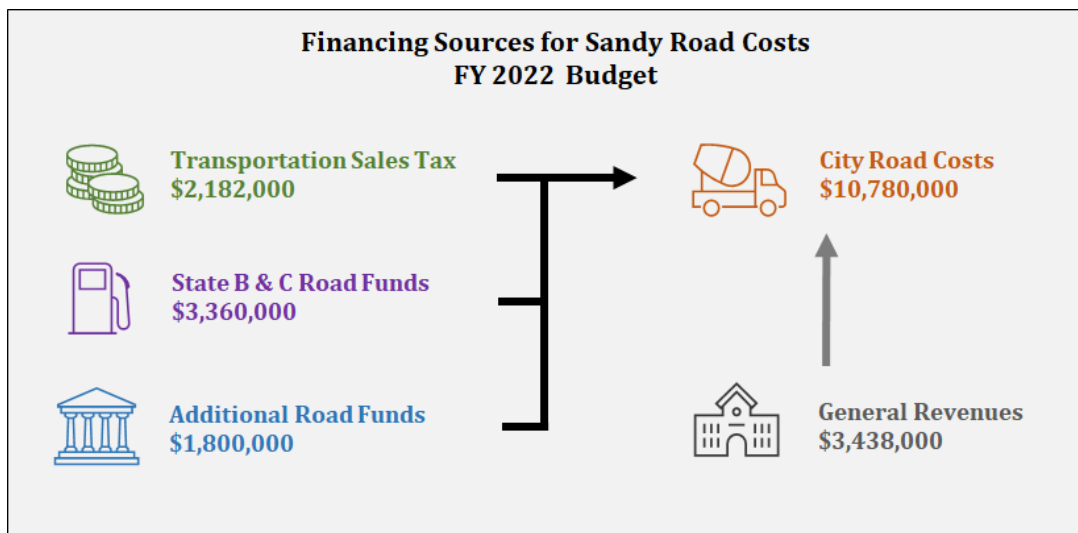

Utility Rate – Changes in utility rates affect the revenue collected by the utility and therefore the amount of tax remitted to the city. Utility rates are regulated by the Public Service Commission. It has been common to experience rate decreases as well as increases. Any announced rate changes are factored into the revenue projections; however, the projections for FY 2022 assume no rate changes.

Usage – Utility revenue is sensitive to changes in usage. The electric and natural gas utilities can be particularly affected by the weather. The projections take weather variations into account and assume a normal weather pattern. The size of households also has some effect on utility usage. The average household size in Sandy has decreased in recent years, which has resulted in reduced usage.

STATE ROAD FUNDS

State road funds generate 6% of General Fund revenue. Though generated primarily through taxes, state road funds are limited in use and therefore not classified, for purposes of this budget book, among general taxes and revenue. However, it is significant enough to merit further explanation here. The motor fuel tax is a 16.5% sales tax per gallon, based on the average rack rate, which is administered by the Utah Department of Transportation through the State B&C Road Fund. Sandy City is allocated a portion of those revenues through a formula weighted 50% on each city’s proportion of the state’s population and 50% on each city’s proportion of the state’s road miles. Because Sandy’s road miles are not growing at the same rate as those of other municipalities in the state, the city’s projected revenue from state road funds should decrease over time. Furthermore, in past years the population decreases have reduced the city’s proportion of road fund distributions. A qualitative method is used to forecast State Road Funds based on trends for each of the factors used in the formula: population, road miles, and available road funds.

In addition, \$1.8 million in additional restricted funding for road projects has been made available by the Utah State Legislature through H.B. 244 in the 2021 General Session. These state road funds, in addition to the transportation sales and use tax, finance a significant share of the city's road costs. However, the city's needs outweigh the \$7.34 million available from these restricted sources. That difference is covered by general revenues.

DEBT

Sandy City uses debt judiciously consistent with the policies listed below. The city currently enjoys a AAA bond rating from Standard and Poor's for sales tax revenue bonds. This rating allows the city to issue bonds at a lower rate than governmental agencies with a less favorable bond rating. The FY 2022 budget includes about \$7.5 million of general debt service payments. As of June 30, 2022, the outstanding general debt will be about \$63.0 million. The schedule below includes total city debt, including outstanding debt issues in the Water and Golf funds. Debt incurred by these proprietary funds is included in the departmental sections, while general debt is shown in the Debt Service section.

DEBT POLICIES

- Sandy City should combine pay-as-you-go strategies with long-term financing to keep the debt burden low
- Sandy City should seek to maintain the city bond rating, currently "AAA"
- Sandy City should seek the most practical and cost-efficient financing available

CAPITAL BUDGET

THE CAPITAL PLANNING PROCESS

The City Council provides oversight for the capital budget. Council members review and adopt the budget in this book. Additionally, they review and approve the carryover of any unexpended funds in the prior year's budget. They also approve by resolution any budget adjustment at the project level during the year for all capital projects in governmental funds.

IMPACT ON THE OPERATING BUDGET

The FY 2022 budget includes approximately \$22.4 million for capital project expenditures. Capital projects with significant operating impact include any project that will result in the need for additional staff or any ongoing increase or decrease in the operating budget greater than \$10,000 per year. The Bell Canyon Preservation Trail Head is the only project that meets this threshold, which will have an operating impact of about \$13,265 in the Parks & Cemetery budget. \$3,024 of these costs have been appropriated in the FY 2022 budget. The remaining costs will need to be addressed in future fiscal years.

LONG-TERM FINANCIAL ANALYSIS

The city budget staff conducts a long-term financial analysis periodically to identify future resource availability, operating and capital needs, as well as challenges and opportunities through financial forecasting and strategy. This year, the city hired a consultant to update its independent long-term analysis to assess alternative approaches in addressing the city's long-term operating and capital needs consistent with citywide goals. Details on these long-term financial analyses can be found on the city's website at: <https://www.sandy.utah.gov/210/Budget-Information>.

COMMUNITY PROFILE

Sandy City is Utah's sixth largest city. The nearby Wasatch Mountains provide water, recreational opportunities, and a scenic backdrop. The I-15 corridor and TRAX light rail line on the west side of the city provide both access to downtown Salt Lake City (approximately 15 miles to the north) and the opportunity to be a commercial center for the south end of the valley.

Sandy is home to several cultural, recreational, and entertainment venues, namely, the Sandy Amphitheater, the Sandy Museum, Hale Centre Theater, and Rio Tinto Stadium, home of Real Salt Lake soccer. Also, world-class ski resorts, such as Alta and Snowbird, are located just minutes away from Sandy's borders.

Sandy experienced tremendous growth both in land area and population during the past thirty years. Annexation of previously unincorporated land has resulted in growth from 6.6 square miles in 1970 to over 24 square miles today. Annexations combined with new construction resulted in population growth from 6,438 to an estimated 99,700 in that same period. Many of the new homes built during the 70's and the 80's were bought by young families which resulted in one of the lowest median ages in the nation. In recent years, the population has aged as many of the children in the young families have grown and left home. The median age of Sandy City changed from 20.3 years in 1980 to 36.4 years in 2020. This demographic shift has impacted the city budget in such areas as a reduced rate of growth in both sales tax revenue and state road funds which are based partially on population.

Commercial growth, however, continues along the I-15 corridor which in turn continues to fuel a strong economy and tax base and provides job opportunities for residents.

DEPARTMENT BUDGET DETAILS

Department Description

City Council

Sandy City's optional council-mayor form of government vests the government of the municipality in two separate, independent, and equal branches. The executive branch consists of a mayor and administrative departments and officers; and the legislative branch consists of a municipal council. In Sandy, there are seven (7) council members, four elected from separate geographical council districts, and three elected at-large by the entire city electorate. All are elected for four (4) year terms.

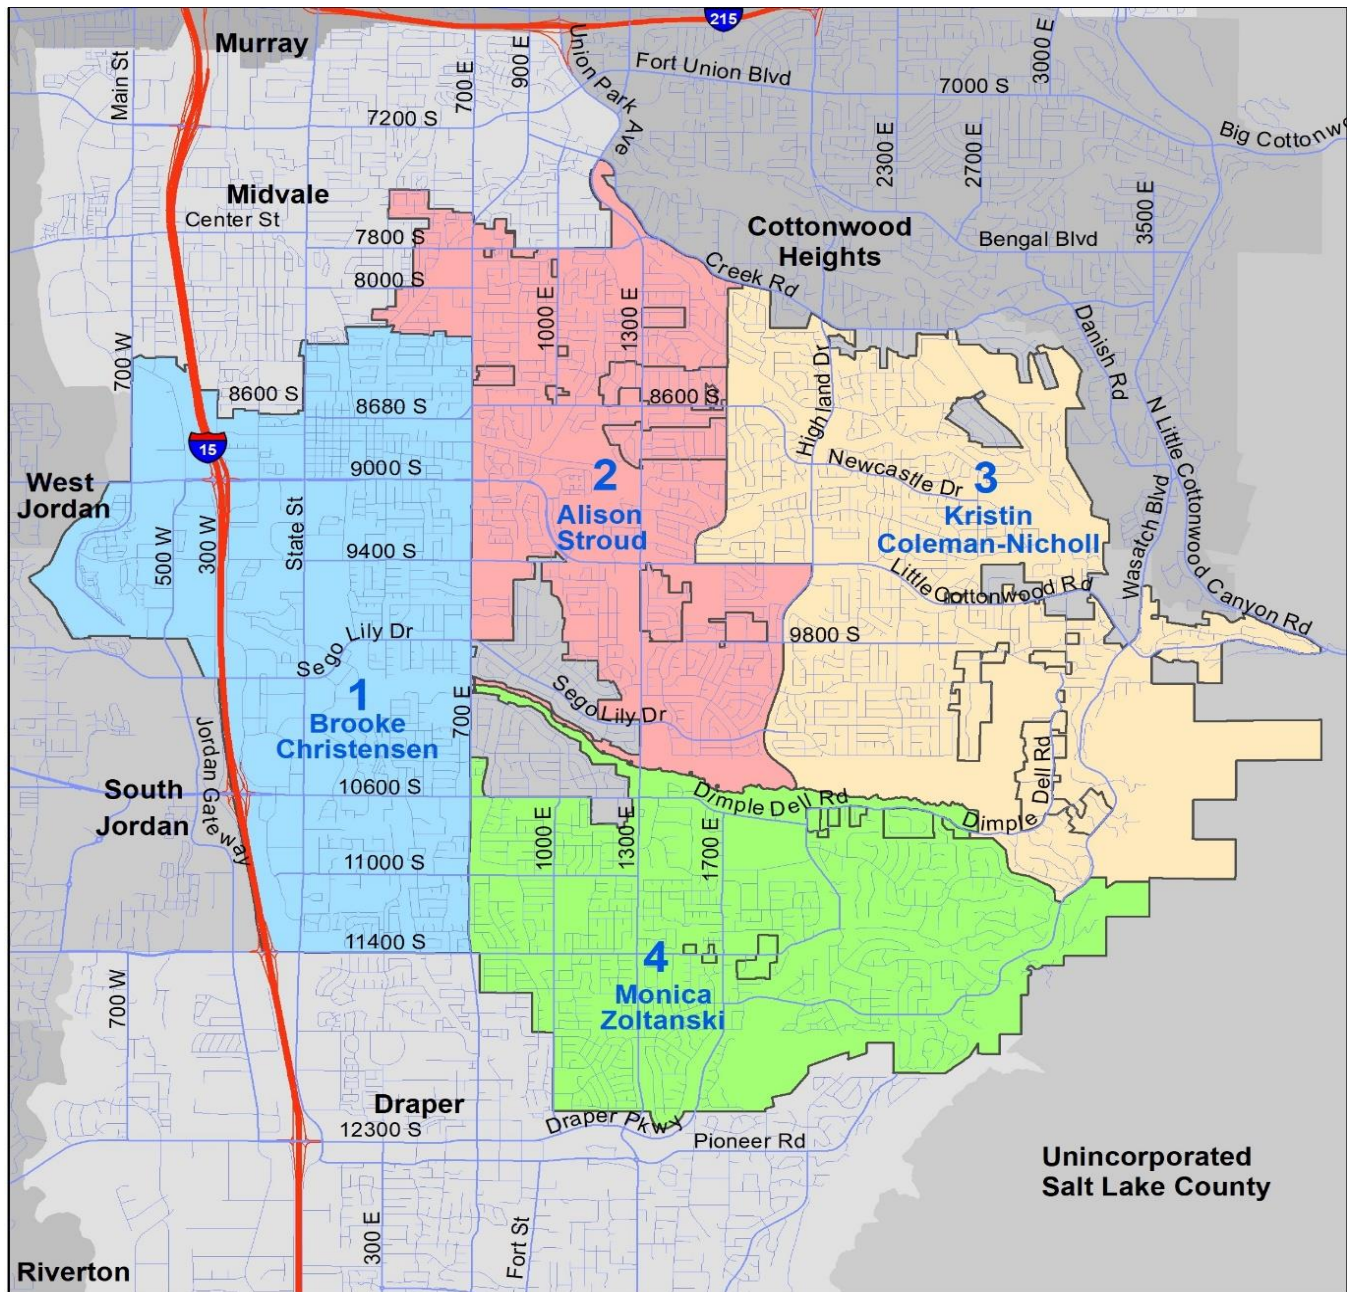

The City Council staffing function is performed by its council office, which consists of an Executive Director, an Assistant Director, Office Manager, and a Communications and Policy Analyst.

Department Mission

The mission of the City Council is to set general and specific municipal policy, pass ordinances and resolutions, appropriate funds, review and monitor municipal administration, prescribe and adopt the city's budgets, set appropriate tax levies, establish water and refuse collection rates and other general tax and service rates, establish a zoning plan for the city, appoint special citizen advisory committees, and fulfill a variety of other duties prescribed by State statute.

The principal council office functions are:

- Liaison for Council with Mayor, CAO, department heads, city patrons/constituents, businesses, developers, citizen committees, and other cities' officials and staff
- Respond to and research patron/constituent requests, concerns, and/or problems
- Receive, review, and recommend items for Council study and agenda action
- Review ordinances/resolutions to determine compliance with Council policies and directives
- Research land use, zoning, planning, and development
- Respond to Council chairperson and Council members' directives and research requests
- Review and analyze activities and expenditures of departments for adherence to Council approved policy or for formulation of new/revised policy

2021 City Council Members

Brooke Christensen - District 1
 Alison Stroud - District 2
 Kristin Coleman-Nicholl - District 3
 Monica Zoltanski - District 4
 Marci Houseman - Council at Large
 Zach Robinson - Council at Large
 Cyndi Sharkey - Council at Large

Policies & Objectives

- Maintain and improve basic core municipal services
- Maintain integrity of residential neighborhoods and preserve property values
- Preserve and improve public infrastructure and transportation systems
- Preserve existing and expand additional retail and clean commercial businesses
- Develop and improve the city's recreational trails and increase recreational opportunities
- Develop community and arts facilities
- Strengthen communications with citizens, businesses, and other institutions
- Maintain a highly qualified employee workforce

Department Organization

Administration

Department Description

Sandy City Administration is responsible for ensuring quality management of all the city's services and activities. Led by the Mayor and the Chief Administrative Officer, the department is active in all of the general management practices of the city. Specific, day-to-day operations of city functions are the responsibility of skilled department directors who work in conjunction with Administration in "enhancing the quality of life in our community."

Department Mission

The mission of the Administration Department is to provide general oversight and direction for all city services and operations.

Policies, Objectives & Initiatives

Administration provides oversight and direction to each city department, focusing on:

- **Value-Driven Innovation:** Promote innovations across city operations that increase service quality, citizen and employee satisfaction, and decrease costs
- **Citizen-Centric Service:** Ensure citizen-centric focus and interactions by all departments and employees, including the use of multimedia channels for improving communication and transparency
- **Continuous Quality Improvement and Efficiency:** Promote citywide engagement in the process of continuous quality improvement for efficiencies and reduced costs
- **Data-Driven Decisions:** Utilize business intelligence technology and analytics to ensure data-driven decisions and processes

Prior Year Accomplishments

- **SmartSandy Initiative:** Launched a new campaign to highlight all of the technology Sandy has implemented to create a smart and more sustainable community like drone operations, LED streetlight replacements, traffic signal synchronization, digital forms, and many other software implementations
- **Emergency Communications System:** A test of Sandy's Emergency Communications System was done in February 2020. This test of our system creates community awareness of the city's communication channels and encourages those residents who have not engaged to opt in to these channels.
- **Sustainable Sandy 360°:** Created and launched a sustainability initiative featuring partnerships with Rocky Mountain Power, UCAIR, Utah Clean City, Green Fleets, and the Utah DEQ, among others. Efforts have been underway, including the installation of 47 EV charging stations throughout the City. Sandy also received the EPA Green City Partnership designation for our environmental efforts and is working with Wattsmart to create attainable sustainability goals for the city, its residents, and partnerships/businesses.
- **CityServe App:** The CityServe app relaunched, which allows residents to connect with City operations quickly. This app streamlines the work order process, which allows our staff to respond quickly to resident needs.
- **Cityworks:** This work management system was implemented citywide to track our asset management and to monitor analytics and present data visually. The reporting functionality assists our staff in tracking our assets for infrastructure replacement and repairs while allowing our field employees to work with real-time data. The Permit Land and Licensing portion allows developers and contractors to pay fees and submit plans digitally.
- **Citizen Centric:** In an effort to reach out and engage with our community, citizen questionnaires via Citizen Connect are sent out to residents about current issues and concerns. These questionnaires are used to set baselines and track progress across all citizen demographics. City leadership continues to engage with the public through citizen and business communications through print, web, email, digital feeds, and social media.
- **Updated and Enhanced Technology:** Promotion and implementation of citizen centric software platforms that allow for real time electronic communications to enhance our ability to communicate with the public. Previous paper documents and processes are being transitioned to digital format and posted for easier accessibility. Implementation of citywide use of Microsoft Teams allows for remote video conference meetings.
- **Live-Streaming Public Meetings:** Use of live-streaming technology for our public meetings encourages participation by allowing residents to watch remotely.
- **The Fact:** Created a Fact section for our website that includes By The Numbers, Fact Brief and the Sandy Scoop to help educate and inform residents about key issues from each department
- **Bicycle Centric Committee and Initiative:** An internal bicycle committee was created to find opportunities to increase bicycle use in Sandy. Increasing opportunities for safe, efficient, and accessible alternative means of transportation in Sandy is an important part of our transportation plan. New bicycle paths were created, efforts to promote bicycle safety have been implemented, and future bicycle events are being planned.
- **Curbside Glass Recycling:** Residents are able to opt into our curbside glass recycling program. This has been a great step in our sustainability efforts.
- **Annual Employee Surveys:** Employees are able to provide anonymous feedback in our annual employee survey. Each department has implemented an employee taskforce to address any concerns or requests identified by our employees in the survey results.
- **Bradburn Hall of Fame:** A program that allows Mayor Bradburn and his leadership to highlight employees every quarter. All employees are able to nominate their peers for this award. Mayor Bradburn picks two employees for each quarter and they are recognized by City Leadership.
- **Local Artists Partnerships:** Local artists are invited to submit their art, which is displayed at City Hall.

Policies, Objectives & Initiatives

The Emergency Manager serves as a staff advisor to the Mayor and Chief Administrative Officer, and supports the City's goals and objectives in emergency management matters.

Maintain and Improve the Basic Core Municipal Services

- Developing and maintaining the overall Emergency Management program
- Writing, maintaining, and updating the Emergency Operations Plan
- Develop and execute disaster exercises for city employee participation and training
- Ensuring the City's compliance with the National Incident Management System (NIMS)

Preserve and Improve Public Infrastructure

- Maintaining, stocking, and coordinating the activation of the city's Emergency Operations Centers
- Establishing written Memorandums of Understanding with other agencies to strengthen/restore infrastructure

Strengthen Communications with Citizens, Businesses, and other Institutions

- Conducting the monthly meetings of the Sandy City Citizen Corps Council
- Conducting the Sandy City Ready Your Business program
- Supporting the efforts of state, county, and local organizations which focus on emergency management
- Establishing working relationships and Memorandums of Understanding with other agencies

Prior-year Accomplishments

- Successful coordination with city staff and administration to perform emergency functions during COVID-19
- Updating the Sandy City Emergency Operations Plan
- Implemented the second External Emergency Communications Test
- Created a hierarchy to manage volunteers during an emergency
- Implemented Salt Lake County's Emergency Management Mitigation Plan
- Implemented tracking FEMA training for city employees through Target Solutions
- Began a new series of EOC training throughout the city:
 - Designed a tabletop exercise to train each specific section of the EOC
 - Starting with basics, using emergency management exercises to train people on their specific roles in the EOC
 - Set up a training for JIC/Call-takers to learn CityWorks in an emergency setting
 - Bringing all sections together for a full exercise (same scenario) after COVID-19 restrictions cease
- Working with FEMA to reschedule the IEMC training we were awarded in 2020
- Redesigned the Emergency Management website and features in conjunction with Communications Department
- Working with IT to enhance secondary and tertiary EOC locations
- Reorganized recruitment for new volunteers Community Emergency Preparedness Leaders
- Increased Emergency Management visibility by pushing information out on social media with Communications
- Produced Emergency Management scenario video with Communications Department
- Provided educational materials on emergency preparedness for Sandy City Human Resources Newsletters
- Integrated ICS into emergency management using Public Safety as a model of command structure
- Completed primary EOC redesign with City Administration and IT

Policies & Objectives

- Provide opportunities through the Amphitheater for all residents to enjoy the arts as patrons
- Provide opportunities through the Arts Guild for local artists to develop, perform and present their talents
- Make the Amphitheater available to outside arts organizations on a rental basis
- Provide grant money to local arts organizations
- Ticket sales and associated revenues from Sandy Amphitheater events should cover all direct costs of the productions, in an effort to be self-sustaining. Surplus revenues will be available for venue improvements.
- The direct cost of Arts Guild Productions will be funded by a combination of fundraising, ticket sales, and grant revenue.

Prior-year Accomplishments

Community Impact (Amphitheater & Arts Guild Combined)

- Impacted nearly 75,000 individuals in FY20, including over 72,000 attendees, 700 adult artists, and over 1000 youth artists
- Almost 53,000 individuals received free admission or attended free programming

Sandy Amphitheater

*Due to COVID-19 closure of the Amphitheater in 2020, comparisons only include the beginning of FY 2019 and FY 2020 (July-Sept. 2018 and July-Sep. 2019)

- 10% increase in attendees from FY 2019 to FY 2020 (July-Sep., including free events & summer musical)
- 38% increase in ticket sale revenue from FY 2019 to FY 2020 (July-Sep.)
- Significant increase in concessions revenue from FY 2019 to FY 2020 (July-Sep.)
- Signed a programming partnership, which provides higher quality programming to appeal to all ages and genres. This partnership allows the Amphitheatre to grow into a true industry-competitive music venue.

Sandy Arts Guild

- Broke winter comedy attendance record with Arsenic & Old Lace (February 2020)
- **35th Anniversary:** The Sandy Arts Guild celebrated its 35th Anniversary in 2020. As COVID-19 stopped plans of an in-person event, the Arts Guild produced a free five-episode virtual event, including 100 minutes of performances and interviews. These videos reached over 11,700 people.
- **COVID-19 events:** In response to the COVID-19 pandemic and in-person event cancellations, the Arts Guild created new virtual events, including the Quarantine Quick Draw, Virtual Open Mic, and Virtual Visual Arts Show. The Guild also worked hard to produce COVID-19 safe in-person shows, such as the Youth Showcase and fall musical

Department Organization

Court Services

Department Description

The Justice Court is a limited jurisdiction court responsible within Sandy City for the adjudication of criminal matters classified as Class B and C misdemeanors, violations of city ordinances, infractions, and small claims actions not to exceed \$11,000 in value.

Department Mission

The mission of the Justice Court is to provide the Sandy City community with an open, impartial, efficient, and independent system for the advancement of justice under the law.

Policies & Objectives

- Ensure that proceedings are open, impartial, and timely
- Provide appropriate case follow-up to ensure compliance with judicial orders
- Court Services is funded by the city's general fund without regard to the revenue generated by court fines
- Intent of decisions, fines, and enforcement activities is to change behavior and not to generate revenue
- Those who violate criminal, traffic, zoning, and animal-related laws should primarily bear the costs of enforcement rather than the general public
- The court will make every effort to collect all revenue due and handle cash in compliance with city policy and the state money management act

Prior-year Accomplishments

- As a result of a legislative authorization in 2014, justice courts may now utilize the Office of State Debt Collection to assist with the collection of fines at no cost to the city/county. As a result, the Justice Court has seen increased returns each year. In FY 2020 the justice court collected \$116,795 with the help of OSDC, an increase is just over \$34,000 from FY 2019.
- The no delay telephone response rate (calls answered within 15 seconds) averaged 87.1% in FY 2020. This is almost a 10% improvement from FY 2019 which had a no delay rate of 77.4%.

Performance Measures & Analysis

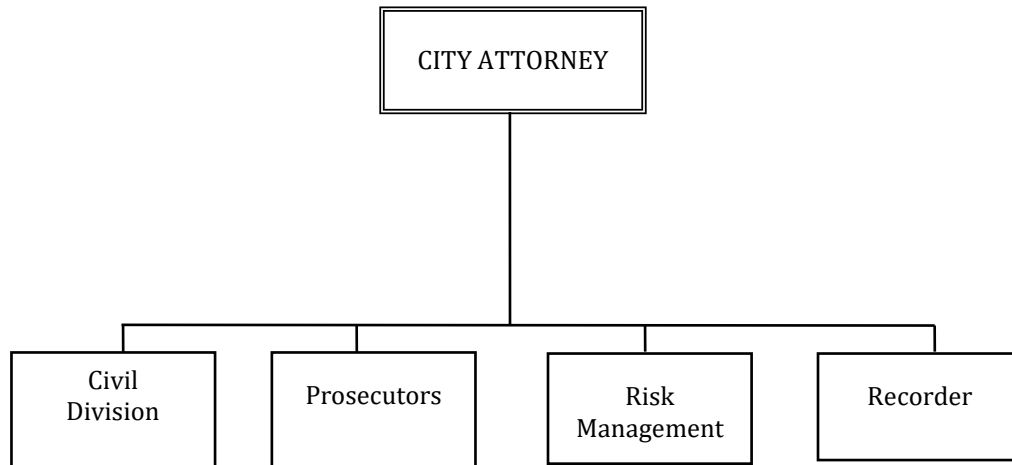

- The pandemic hit the Justice Court hard requiring a massive re-evaluation of all business processes. The additional clerk time needed to do simple tasks, such as holding court, increased substantially.
- Since May 2020 the Sandy Justice Court has held all hearings remotely and since August most Trials, with the Defendant's permission, have been able to be heard remotely. Trials and Jury Trials still have a significant backlog due to pandemic restrictions.
- The Justice Court heard a total of 6,028 Hearings in 2020. This is a substantial increase in total hearings held from 2019 which had 4,099 hearings. Trials are down from 2019 which saw 586 Trials to only 195 in 2020.

**Department Description**

The City Attorney is the chief legal officer of the city and is responsible for the proper administration of its legal affairs. He, or his designated assistants, have the following functions and duties:

- (1) Prosecute all charges of violation of municipal ordinances and regulations in the courts or administrative tribunals and prosecute and defend, or supervise the prosecution and defense, of all actions and appeals involving the city in all courts and before all boards, commissions, and administrative agencies.
- (2) Attend all Council meetings, unless specifically excused therefrom.
- (3) Furnish legal advice, counsel, and assistance to the Mayor, Council, and all other city officers, boards, commissions, and agencies in relation to their duties and the business of the city.
- (4) Control and direct all legal services performed by special counsel for the city, who may be retained from time to time to assist the City Attorney in providing legal services for the city; provided, however, that the City Attorney shall not be responsible in any way for counsel who (a) has not been specifically retained by the City Attorney; (b) is not paid from funds controlled by the City Attorney; and (c) is not under the actual direction of the City Attorney's office.
- (5) Assume direction of assistants and the employees of the office, subject to the limitations and requirements of the budget, appropriations, and applicable statute and ordinances.
- (6) Prepare or review all proposed ordinances and resolutions presented to the Mayor or City Council.
- (7) Approve the form of all contracts entered into by the municipality.
- (8) Prepare the necessary affidavits and verification on behalf of the city in any and all proceedings.

Department Mission

It is the objective of the City Attorney's office to serve Sandy City through the practice of law according to the highest professional standards.

Policies & Objectives

- Provide legal advice and support to City Council and Administration priorities
- Continue encouraging compliance with laws requiring quid pro quo for public expenditures
- Help differentiate and clarify legal roles and responsibilities of the City, its Council, officers, employees and boards
- Help coordinate prosecution requirements
- Help reduce costs of increased government transparency
- Help update processes to reflect evolving court rulings, legislation, and administrative needs
- Implement technology strategies to leverage attorney time and expertise

Prior-year Accomplishments

- Successfully concluded the City fluoride litigation with the State Department of Environmental Quality
- Successfully defended the Sandy City Median Ordinance before the 10th Circuit of Appeals. The U.S. Supreme Court subsequently denied certiorari, allowing the 10th Circuit decision to stand
- Transitioned to new City Attorney
- The Prosecutor's Office screened approximately 1,350 cases and did 422 trials in prior fiscal year with a staff consisting of two prosecutors, paralegal, and two office staff

Performance Measures & Analysis

- The Legal Department will continue to operate at or below the fiscal year budget
- All attorneys will exceed continuing legal education requirements
- Consistently provide high quality, competent and professional legal services to City Departments and Elected Officials
- Provide timely responses to all requests for legal services

Policies, Objectives & Initiatives

- Loss Prevention: Protect the employees, citizens and assets of the city from injury, damage or loss
- Claims Management: Minimize loss to the city by adjusting claims promptly and fairly
- Insurance/Risk Financing: Appropriately insure and/or finance the cost of general liability claims, workers compensation injuries and property losses

Prior-year Accomplishments

- Reviewed 310 contracts to ensure that proper risk transfer techniques have been utilized to protect the City from loss
- Successfully adjusted over 54 general liability claims, many of which involved significant legal issues, injuries and/or damages
- Recovered in \$19,901 in damages to city property caused by at-fault drivers
- Maintained the city's "preferred rate" premium status with WCF Insurance

Experience Modifier (E-mod) *	0.83	0.70	0.78	0.71
Subrogation Recoveries	\$48,006	\$30,000	\$25,000	\$32,000

* An experience modifier (E-mod) is a multiplier applied by a workers compensation insurance carrier to the premium of a qualifying policy and provides an incentive for loss prevention. The E-mod represents either a credit or debit that is applied to the premium before discounts. An E-mod of 1.00 is considered average, so an E-mod less than this would equate to a discount in premiums.

Budget Services

Policies, Objectives & Initiatives

- Provide timely and accurate fiscal information to facilitate effective decision making by City Administration and the City Council
- Communicate budgetary and fiscal information effectively to the public, media, city employees, auditors, etc.
- Provide business intelligence and decision support to city departments through data analysis and presentation
- Procure high-quality services and supplies in a timely manner at competitive prices
- Promote an ethical environment in which vendors can fairly compete for city business

Prior-year Accomplishments

- Received 17th consecutive Distinguished Budget Presentation Awards from the GFOA
- Implemented electronic bidding software to improve vendor experience and streamline Purchasing operations
- Trained on and implemented use of business intelligence software to enhance City data visualization efforts
- Trained on and implemented use of SQL to optimize data retrieval efforts across City databases
- Created interactive budget dashboard for City staff and officials to efficiently track and review department budgets
- Created interactive dashboard for Communications staff to more effectively evaluate City communication efforts

Performance Measures & Analysis

PURCHASING

Purchasing compliance has regressed slightly, as illustrated in the chart to the right. Purchasing staff has recently placed greater emphasis on training department buyers on proper procedures to issue purchase orders according to policy. We will continue these and other efforts to work toward continuous improvement to meet the FY 2022 goal.

Department Organization

Police

Department Description

The Police Department coordinates public safety efforts in the city. Through investigations, directed patrols, and other efforts, the department employees work to prevent crime and enforce laws within the city. The Police Department consists of 120 sworn police officer positions, 8 full and part-time animal services personnel positions, 23 full and part-time civilian support staff positions, approximately 65 part-time school crossing guards, and 3 grant/contract positions.

Department Mission Statement

Sandy City Police Department maintains a safe and peaceful community by following our core values of: Integrity, Service, Excellence, and Commitment. We remain dedicated to continually earning trust by recruiting quality employees who fairly enforce all laws and ordinances, treat people with respect and work hard to exceed expectations.

Policies, Objectives & Initiatives

- Maintain an atmosphere of safety for citizens, both for themselves and their property
- Enhance existing technology to increase department efficiency
- Continue rebranding to emphasize core values
- Maintain cooperation between the police department, justice court, and legal department
- Enhance and continue cooperation with other agencies

Prior-year Accomplishments

- Obtained grant funding from federal, state, and local sources
- Continued the transition to more sustainable hybrid sport utility vehicles for patrol
- Launched the Sandy Secure initiative in respect to decreasing property crime
- Restructured the organization of the department
- Utilized existing technology to adapt to telecommuting needed in the pandemic without interrupting service
- Upgraded in-car mobile data terminals in all patrol vehicles
- Began expansion and upgrade to the department evidence room to increase efficiency and storage capacity
- Hired and trained thirteen sworn officers and three civilian employees

Performance Measures & Analysis

- Residents of Sandy City continue to say "safety/no fear of crime/secure environment" is their number one definition of "quality of life" in Citizen Surveys. The residents also continued to rate police-crime prevention, police-response times, and police-traffic enforcement as "satisfied" in their top public safety issues.

Policies, Objectives & Initiatives

- Continue to increase number of animals licensed in our community and our return-to-owner rate
- Educate and ensure compliance with Sandy City pet ordinances in both residential and restricted areas
- Expand education and outreach programs to our community through involvement at events, such as "Night Out" and Dimple Dell Earth Day Cleanup

Prior-year Accomplishments

- Maintained our "No-Kill" status in 2020 with a 97% save rate for animals coming through our facility. This marked five consecutive years as a "No-Kill" Shelter facility.
- Implemented COVID safe protocols for adoptions, redemptions, and field operations that enabled us to maintain our service standards and provided our community with higher levels of service than neighboring jurisdictions
- In spite of the pandemic our department was able to maintain our TNR program with 113 community cats returned to their colonies and 35 kittens transferred to the Best Friends Kitten Nursery
- Issued 3,135 dog licenses and 260 cat licenses for a total of 3,395 pet licenses in 2020
- Animal Services Officers provided over 823 hours of focused watershed enforcement in 2020

Performance Measures & Analysis

In the last Citizen Survey, residents of Sandy City continued to rate Animal Services as "satisfied" in their top public safety issues.

Department Organization

Fire

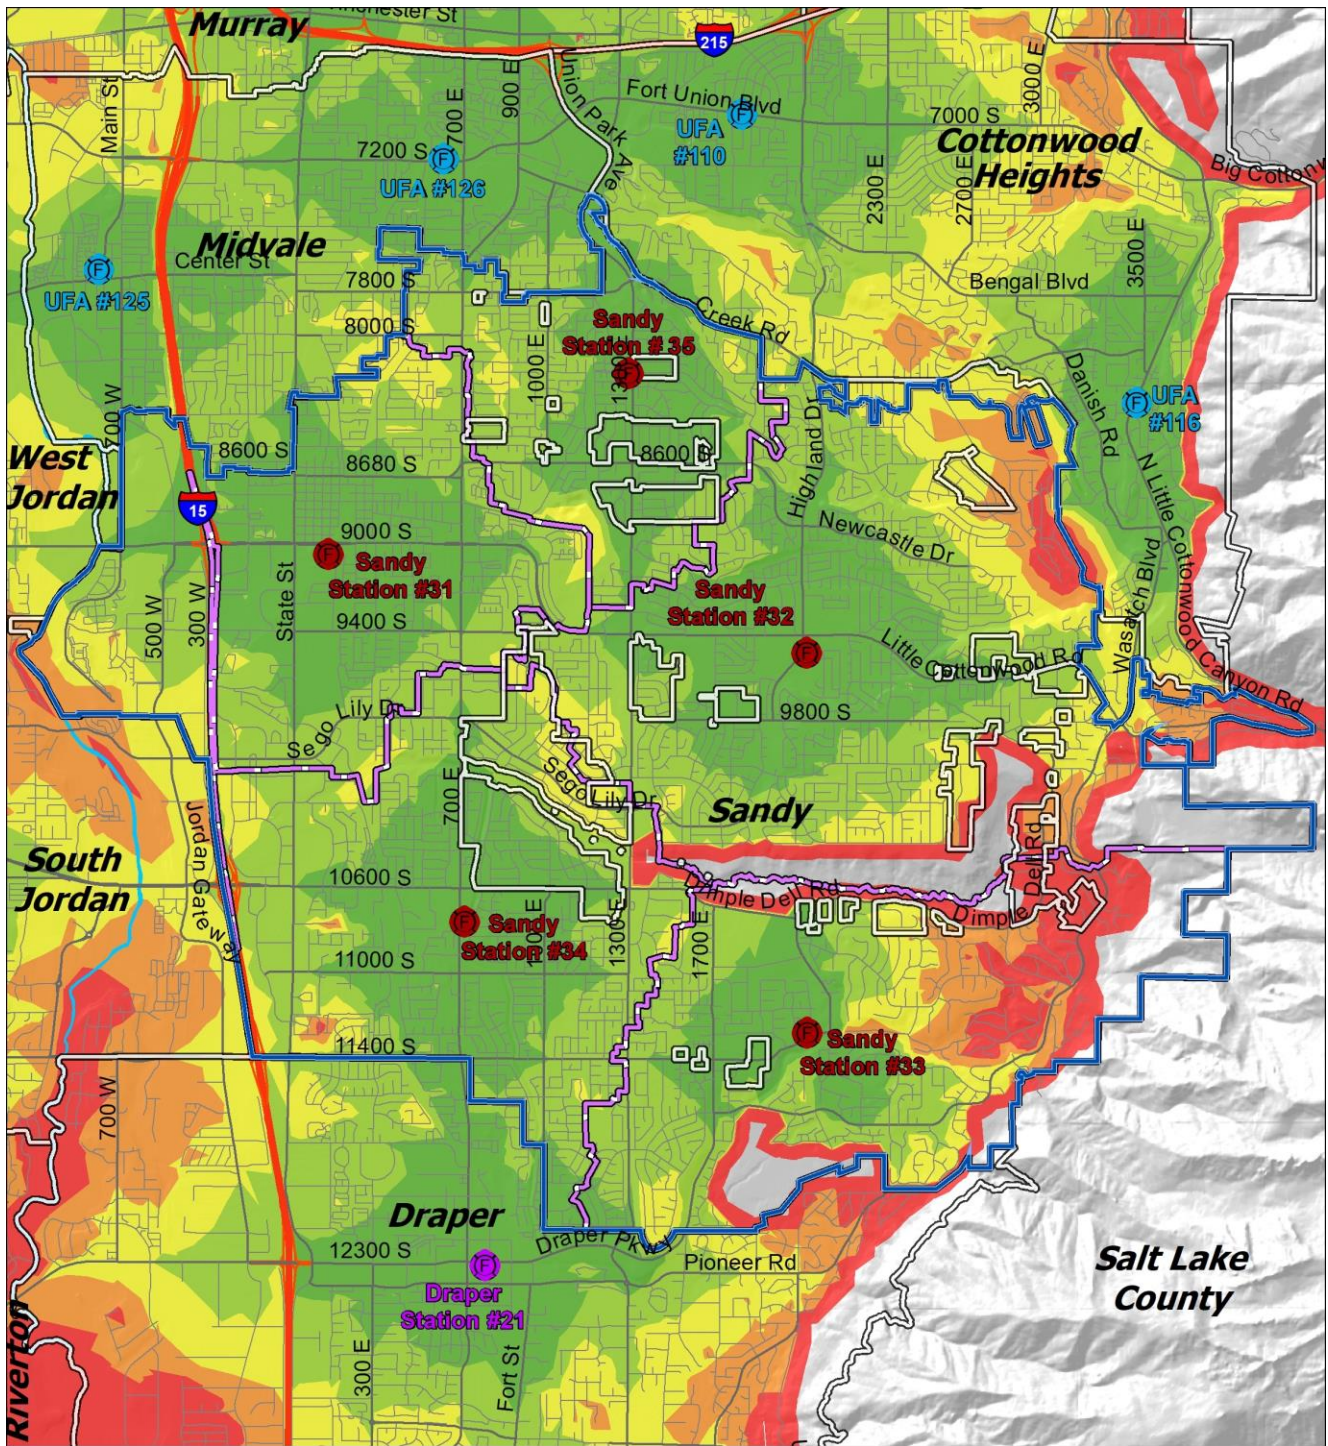

Department Description

Sandy Fire Department serves a population of over 105,000 citizens living in 24.13 square miles along the Wasatch Front. Our 87 career members presently staff five fire stations and administrative offices with an array of response apparatus, an assortment of specialized equipment, and staff administrative positions. Sandy Fire responds to over 7,400 emergencies annually, of which over 75% are medical emergencies.

Department Mission

The Fire Department's mission is three-fold:

- To prevent emergencies through public education and positive code enforcement
- To mitigate emergencies and disasters through proper planning and preparedness
- To respond promptly and efficiently to all emergencies involving fire, medical, or environmental concerns

Sandy City Fire Stations Five Minute Response Areas

Station response times were created using ESRI's ArcGIS Network Analyst. Centered from fire stations, times were calculated based on street centerline speed limits.

Response Time

Policies & Objectives

- Prevent emergencies through public education and positive code enforcement
- Mitigate emergencies and disasters through proper planning and preparedness
- Respond promptly and efficiently to all emergencies involving fire, medical, or environmental concerns

Prior-year Accomplishments

- Installed station bay exhaust removal systems in all stations to reduce the exposure to carcinogens and meet the NFPA 1500 standard using the AFG grant
- Revised our Community Wildland Protection Plan as required by the State of Utah
- Implemented policies and procedures for a pandemic event, such as COVID-19, which we experienced this year
- Certified six additional drone pilots. Each platoon has at least two drone pilots to get us to a total of nine
- Sent four to Paramedic School and promoted them to Paramedics
- Hired and sent five Firefighters through the Salt Lake City Fire Academy due to new hires and normal attrition
- Implemented employee "Ring the Bell" safety campaign: <https://www.youtube.com/watch?v=WfxHRkEsXQ8&feature=youtu.be>
- Trained with the Metro Fire Agencies and Salt Lake Valley Training Alliance
- Installed new computers and GPS hardware in all apparatus
- All Valley Agencies are now using Versaterm as their CAD system
- Implemented a fire dashboard to show real time data
- Continued Metro Fire cooperation through involvement in joint activities, such as training and funding sources
- Responded on 1,848 Fire Calls and 5,654 Medical Calls
- All Firefighters completed the NFPA 472 standard for metal health check-in and the NFPA 1582 standard for the Work Site Medical Exam
- Installed an extractor to meet NFPA 1851 standard
- Adapted prevention school programs to a digital format due to COVID
- Maintained and increased views to our social media platforms, such as Facebook, Twitter and Instagram
- Produced Safe in 60 Second Videos and posted Tuesday Tips, Thursday Thoughts and Fridays with Freddie on social media
- Completed 25,763.66 hours for training, which is an average of 296.13 per person

Department Organization

Public Works

Department Description

The Public Works Department provides for the construction and maintenance of the physical infrastructure, waste collection, and fleet services. Our goal is to achieve optimum costs for construction, operations, and maintenance. The department is composed of experienced, intelligent, and dedicated professionals who continuously work to improve service to the community. These professionals provide the imaginative planning, conceptual design, organizational leadership, and financial acumen that make the Public Works Department an integral part of the Sandy City Administration.

Department Mission

Working with other departments as one Sandy City Team, Public Works provides exceptional services to our community in the areas of infrastructure repair and maintenance, engineering, transportation, tree trimming, snow removal, waste collection, and fleet management. We listen and respond to our community. *We value:*

- Listening and responding to the concerns of citizens in a timely and professional manner
- Creating a positive workplace for all employees and citizens
- Treating people with dignity and respect
- Doing the job right the first time

Policies & Objectives

- Maintain the city roadway system with the available dollars as required by Statement 34 of the Governmental Accounting Standards Board (GASB). Sandy City's policy is to maintain at least 80% of its street system including road surface, sidewalks, curbs, gutters, and street signs in good or better condition. No more than 10% should be sub-standard. Road conditions are assessed every year.
- Provide waste collection and recycling services for our citizens
- Install sidewalk ramps throughout the city that are compliant with the Americans with Disabilities Act (ADA)
- Respond quickly to snow and ice removal for public safety
- Provide fleet management services which allow city departments to complete their assignments
- Effectively manage all capital projects related to Public Works
- Inspect all projects in the right-of-way to ensure they are completed per City standards

Prior-year Accomplishments

Road System

- Completed the following projects:
 9400 South Overlay Project - 700 East to TRAX
 Dry Creek Tunnel Connection/10200 South Beetdigger Blvd Intersection
 Active Transportation Plan (with Draper City)
 Transportation Masterplan Update
 11400 South Overlay and Bike Lane Project from 1300 East to 1700 East
 1700 East Bike Lane Project from Wasatch Blvd to 11400 South

Department Organization

Community Development

Department Description

The Community Development Department is charged with planning, reviewing, regulating, and approving all facets of land use within Sandy City. Specifically, these functions include planning, building inspections, zoning enforcement, business licensing, Community Development Block Grant (CDBG) administration, and community relations.

Department Mission

The Community Development department is committed to maintaining an approachable staff that provides professional services necessary for the development of a vibrant community that advances the foundational values of the city.

Policies & Objectives

Maintain and Improve Basic Core Municipal Services

- Coordinate and manage Master Planning Processes
- Amend city codes to provide better standards for development
- Provide more accessible services through online application and electronic plan review process
- Coordinate with departments on overall strategic development of the city through the Development Review Team

Maintain Integrity of Residential Neighborhoods and Preserve Property Values

- Develop neighborhood preservation organizational strategies
- Provide public education about code requirements and making home improvements
- Continue to engage affected residents through neighborhood meetings, social media, and other outreach efforts
- Ongoing zoning administration - effectively use our codes to preserve our neighborhoods

Preserve and Expand Existing Businesses/Seek New Clean Commercial Businesses

- Maintain an efficient business licensing process

Prior-year Accomplishments

- Maintained low Risk Management claims
- Maintained uninterrupted service throughout pandemic and implemented electronic submittals where possible
- Began implementation of DigEplan electronic plan review software integrated with Cityworks
- Tracked and provided input on a number of legislative actions
- Completed specific technical/professional certification of staff
- Continued implementation of various adopted master plans throughout the City

Fund 2300 - CDBG Operations

Policies & Objectives

Each year Sandy City receives Community Development Block Grant or CDBG funds from the U.S. Department of Housing and Urban Development. The purpose of the CDBG program is to help in developing viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low and moderate income.

To be eligible to receive CDBG funds, the project must meet one of three national objectives:

1. Low and Moderate Income Benefit
2. Aid in the Prevention or Elimination of Slums or Blight
3. Urgent Health and Welfare Need

There is a broad range of activities or projects eligible for funding under the CDBG program to meet any one of the national objectives. Eligible projects include public improvements, public services, and housing-related projects for low/moderate income persons.

Prior-year Accomplishments

- Operated the CDBG program within federal guidelines
- Funded projects that assist low and moderate income households
- Funded various city and countywide programs to remove and prevent blighted conditions
- Funded housing projects including rehabilitation homes, emergency repairs, and transitional housing
- Funded public services at the maximum allowed amount

Department Organization

Public Utilities

Department Description

The Public Utilities Department is responsible for providing the following services to the residents and businesses of the city: drinking water, storm water drainage, and street lighting.

Department Vision

“Proudly working together to provide quality utility services for our customers”

- **Safety** - We are committed to safety by protecting the lives and resources of our employees and customers. We will provide training, tools, and equipment to promote safety as a way of life.
- **Integrity** - We promote integrity by being honest, being accurate in the work we perform, and becoming more knowledgeable in our area of responsibility.
- **Responsiveness** - We are prepared to respond in a timely, courteous, and professional manner.
- **Effectiveness** - We are committed to providing dependable, cost effective services that meet the need of our customers through the use of modern technology and infrastructure, now and in the future.
- **Efficiency** - We are committed to providing maximum use of resources through evaluation of the best balance of cost and benefit while measuring progress to maintain long term sustainability.
- **Teamwork** - We are a team with individual strengths. We are committed to listen, respect, trust, value, and support each other in achieving common goals. We strive to enhance employee self-worth and job skills.

Policies, Objectives & Initiatives

- Secure and preserve a sustainable water supply to meet long-term needs of our customers
- Provide reliable high quality water at the right pressure to meet the needs of our customers
- Exceed our customers expectations for a high level of service in meeting their water needs
- Operate the city water system efficiently to save time and money, and to conserve resources
- Meet all current and long-term funding needs for the Water Enterprise Fund

Prior-year Accomplishments

- Completed Water Quality Study in fluoride overfeed which showed no lingering effects to the incident
- Resolved the State Administrative Order that was issued due to the fluoride event (Stipulated Consent Order)
- Completed Flat Iron Wellhouse which provides an additional 1,500 GPM of well production
- Completed design and bid out replacement of essential I-15 waterline crossing
- Started the aquifer storage and recovery (ASR) project by diverting water into the aquifer and will install flow measurement devices in 2021

Department Organization

Economic Development

Department Description

The Economic Development/Redevelopment Department works in cooperation with other city departments, businesses, tourism groups, business associations, contractors, real estate professionals and development groups to promote new capital investment and quality job creation in the city. By attracting new businesses to the community there is a resulting benefit of a diversified tax base to help reduce the tax burden on the residential property owner. This expansion also enables the city to maintain quality services and a good quality of life for the residents.

Department Mission

It is the mission of the Economic Development/Redevelopment Agency of Sandy City to facilitate the development of an exceptional regional, commercial center that will provide quality employment, quality office space, and a quality retail shopping and entertainment experience for the residents of Sandy and the surrounding market area. Development projects in the designated Redevelopment and Economic Development Project Areas will reflect high architectural standards and will bring value to the overall community. The Economic Development/Redevelopment Agency is committed to the values of integrity, excellence, stewardship, partnership, citizenship, and innovation.

Economic Development & Redevelopment Agency

Policies & Objectives

- Implement citywide economic development plan strategies
- Implement The Cairns development plan including outreach and marketing
- Pursue and retain businesses that complement and grow Sandy's tax base
- Develop relationships with business, economic development, and governmental entities
- Facilitate completion of approved developments in existing Redevelopment Agency (RDA) project areas
- Evaluate and create new Community Reinvestment Project Areas within the City
- Provide property management services for the city
- Develop and implement affordable housing strategies and programs for EDA Housing Funds

Prior-year Accomplishments

The Economic Development Office recognizes its role as a facilitator to attract new business and job opportunities to Sandy City. The projects listed below are the result of a coordinated effort by the staff of various city departments, officials, developers and real estate professionals.

- Updated the Capital Facilities and Financial Plan (CFFP) for the RDA
- Successful adoption of SB 6001 - COVID Project Area extensions
- Sandy City became certified as a Developable Ready Community through the Economic Development Corp of Utah
- Over 2,300 Sandy City small businesses received SBA PPP or EIDL loans for COVID relief, many through the assistance of our office and the Miller Business Resource Center (in Sandy)
- Radisson Blu Hotel and the Summit Development moving forward within the Cairns despite the effects of COVID
- Amended Centennial Towers Project
- Successful launch of Shop in Sandy and Cairns Digital Campaigns during COVID to drive traffic to Sandy City businesses
- Completed Gardner/Boyer design of Wasatch shadows
- Successful opening of American Express Headquarters, Expansion and upgrade of Becton Dickinson Facility
- Property acquisition/assembly: 9016 S. 1300 E.

2810 Storm Water Expansion	\$ -	\$ 18,000	\$ -	\$ -	\$ -	\$ -
28025 - Storm Drain Master Plan (SDMP) - The update to the Master Plan will be a comprehensive surface water management plan. It will introduce a new approach to managing the city's storm water system and to meeting new water quality standards.						
2810 Storm Water Expansion	\$ 237,351	\$ -	\$ -	\$ -	\$ -	\$ -
28052 - Bicycle Safe/HighBack Inlets - This is for the replacement of older storm drain grates with bicycle-safe grates.						
2810 Storm Water Expansion	\$ 1,940	\$ -	\$ -	\$ -	\$ -	\$ -
28070 - SCADA sites - This is for two new SCADA sites: Aspen Meadows (2150 E 9800 S) was partially completed but needs a remote control component \$10,000. Also a new site at Home Depot (11400 S State) allows us to remotely monitor and dump/hold water in the East Jordan Canal for flood management.						
2810 Storm Water Expansion	\$ 30,000	\$ -	\$ -	\$ -	\$ -	\$ -
28081 - Wildflower Bypass - The Wildflower bypass storm water project would take storm water that presently flows into the Wildflower Detention pond and discharge it directly into Dry Creek. Wildflower and Buttercup detention ponds are at or over capacity for a 10 year storm, so this project would take water out of these ponds.						
2810 Storm Water Expansion	\$ 364,000	\$ -	\$ -	\$ -	\$ -	\$ -
28083 - Floodplain Projects - Projects to reduce potential for flooding and update floodplain mapping.

Staffing and Compensation Plan

I. EFFECTIVE DATE

The provisions of this plan shall be effective commencing July 1, 2021 except as it has been or may be amended from time to time by resolution of the City Council and subject to budget limitations established by the Council.

II. PURPOSE

THIS PLAN IS NOT A CONTRACT, NOR IS IT INTENDED TO VEST EMPLOYEES WITH RIGHTS OF EMPLOYMENT OR COMPENSATION OR ANY CAUSE OF ACTION WHATSOEVER. THE PLAN IS SUBJECT TO CHANGE AT ANY TIME BY RESOLUTION OF THE CITY COUNCIL AND IS INTENDED TO DO THE FOLLOWING:

- A. Establish a compensation system whereby the salary ranges are established by market and classification data.
- B. Design the compensation system whereby movement within the salary ranges is determined by individual employee productivity and skills.
- C. Comply with 10-3-818 U.C.A. 1953, relating to the establishment of employee compensation.

III. STAFFING

The Mayor may appoint and hire personnel necessary to carry out the duties and goals of the city within budget limitations as established by the City Council. Current budget staffing is outlined in Attachment B.

IV. ELIGIBLE EMPLOYEES

Eligible employees may be appointed, classified, and compensated under policies and procedures promulgated by the Mayor, within budget limitations established by the Council. All appointed employees, elected officials, and regular, part-time, and seasonal employees are subject to the Sandy City compensation plan as provided herein.

V. COMPENSATION PHILOSOPHY

Sandy City is committed to maintaining employee wage ranges which are competitive with other Wasatch Front communities of comparable size. The Human Resource Office will conduct periodic wage and benefits surveys of the relevant communities. The most recent compensation study can be found on the City Website at <https://sandy.utah.gov>.

Staffing and Compensation Plan

Because not all city positions have matches in the established market, a classification analysis may also be done on each position in conjunction with the market survey. This classification analysis may consider such factors as education and experience requirements, supervisory and financial responsibilities, level of risk in the position, and the analytical requirements of the position. Based on the market and classification analysis, the Mayor's Budget Committee will review wage ranges and recommend changes as appropriate. City Council ranges will be approved by the City Council as part of the annual city budget.

VI. WAGES AND SALARIES

A. Appointed, Regular, and Part-time Benefitted Status

Appointed, regular, and part-time benefitted employees may be paid within ranges specified for their position and receive insurance, retirement, and other benefits as summarized in Attachment A as established by the Mayor and approved by the City Council.

It is recognized that the Chief Administrative Officer (CAO) and the City Attorney are appointed officers of the city that have been hired under written contract. Such contracts, and the compensation provided thereunder, are hereby ratified and confirmed by the City Council and are hereby made a part of the city's compensation plan. The Mayor may review such contracts annually and execute amendments on behalf of the city if appropriate to conform such agreements more fully with this Plan, as it may be changed from year to year. Copies of such contracts, and any amendments hereof, shall be maintained for public inspection in the office of the City Recorder.

NO OTHER CONTRACTUAL RIGHTS TO EMPLOYMENT OR COMPENSATION ARE INTENDED TO BE CREATED OR RECOGNIZED BY THIS PLAN NOR MAY SUCH RIGHTS BE CREATED EXCEPT THROUGH EXPRESS WRITTEN CONTRACT EXECUTED WITH THE MAYOR, WITHIN CERTIFIED BUDGET APPROPRIATIONS AND CONSISTENT WITH THIS PLAN AND THE REVISED ORDINANCES OF SANDY CITY SECTION 6-7-3.

B. Performance Pay

A two-tiered performance pay plan structure may be used combining base salary increases, evaluation adjustments, and incentive pay, subject to budget limitations approved by the City Council. Employees that reach the top of their salary range are eligible for annual topped-out incentive pay up to 5%. Employees that have not reached the top of their salary range are eligible for performance incentive pay up to 1%.

These incentives will be awarded based on attaining positive performance evaluations and predetermined goals.

Employees, regardless of their position in their salary range, are eligible for individual spot/mid-year awards up to 1%. These awards are for exceptional performance, often on

Staffing and Compensation Plan

special projects or for performance that so exceeds expectations as to be deserving of an add-on payment.

Incentive payments shall be calculated net of taxes and shall not exceed the limits set forth above for any employee in any one fiscal year, unless approved by the Mayor.

C. Elected Official

The Mayor and City Council members' compensation shall be adjusted annually on July 1 by an amount equivalent to the average pay increase to city employees.

D. Seasonal Employees

A separate pay plan shall be used to compensate seasonal employees. Benefits for seasonal employees shall be established by the Mayor with the approval of the City Council (Attachment A). When the term seasonal is used throughout the budget book in regards to pay or staffing information the term may refer to both seasonal and part-time non-benefitted employment classifications.

E. Separation and Severance Pay

Any employee terminating employment with Sandy City is entitled to separation payments for accrued Paid Time Off (PTO) and earned compensatory time plus benefits, as provided by city policy and promulgated by the Mayor, as shown on the payroll records at the time of termination.

The Mayor, at his sole discretion and upon recommendation by a department head, may extend severance payments to employees of the city under the following provisions:

1. The amounts of severance not to exceed an amount equivalent to three months base salary.
2. The compensated employee meets one or more of the following criteria:
 - a. The employee has lost employment with the city due to reduction-in-force, physical or mental disability, or a termination without cause.
 - b. The employee is eligible for retirement under the Utah State Retirement System, provided that retirement is entirely voluntary by the employee and the employee's department can demonstrate a savings to the city which is at least equivalent to the amount of the additional severance benefit.
3. Any severance payments may be conditional, as determined by the Mayor, and must be made from actual and current budget appropriations as approved by the City Council.

Staffing and Compensation Plan

4. Such payments may be in the form of a single lump-sum payment, periodic cash payments, insurance benefits, annuity, or other similar forms.
5. It is negotiated with the employee that receipt of any such payments shall be conditioned upon the compensated employee waiving any claims against the city relating to the termination of employment.

Additional severance payments in excess of three months must be approved in advance by the City Council.

F. Miscellaneous Compensation Provisions

Subsection E shall not vest any employee with severance payment rights or restrict the CAO from classifying, reclassifying, advancing, or terminating city employees under policies and procedures promulgated by the Mayor.

VII. PAY PREMIUMS, DIFFERENTIALS, AND ALLOWANCES

In addition to compensation provided under Section III, eligible employees of the city shall receive the following benefits:

A. Overtime and Gaptime Compensation

Eligible employees who are authorized and required by their supervisors to perform city work on an overtime basis shall be compensated by pay or compensatory time off at rates and procedures established by city policy and procedure in accordance with federal regulations.

In no case shall overtime compensation exceed the rate of 1½ times an employee's regular hourly rate of pay. Gaptime shall not exceed an employee's regular hourly rate of pay, except for eligible police comp time.

[NOTE: Gaptime is straight time overtime.]

B. Certification, Education Assistance, Incentive Pay

The Mayor may adopt programs to promote employee education and training, provided that all education assistance and education compensation incentives under such programs are authorized within appropriate budget limitations established by the City Council and administered in accordance with applicable Federal and State statutes.

C. Differential Pay

Staffing and Compensation Plan

The Mayor may adopt programs to reward employees for the performance of assigned duties which may not be permanently assigned and/or are additions to the normal or regular duties of the employee's position.

D. On-Call Pay

Any department required to provide 24-hour emergency response service may pay a special fixed amount of pay for employees to remain available to respond while otherwise off-duty. Such programs must be approved by the Mayor and paid from budget appropriations as approved by the City Council.

E. Other Allowances

1. Automobiles

- a. The Mayor may authorize under city policy an eligible employee to utilize a city vehicle on a take-home basis, and shall, as a condition of receipt, require eligible employees to report usage to the city and to report a portion of the take-home vehicle cost as a taxable benefit or to pay reasonable expenses.
- b. A vehicle allowance may be paid to department heads and other eligible employees, within budgetary limitations established by the City Council, but in no case to exceed \$493.00 per month. Such payment shall be in lieu of local mileage allowance or an assigned city vehicle. The rate shall be determined based upon annual driving requirements of the position and for the inflationary increase of the cost of vehicle operation.
- c. Mileage Reimbursement

Some employees may be required to use their personal automobile for business purposes. Mileage for business use shall be reimbursed at the current IRS authorized rate.

2. Uniforms and Tools

Eligible employees may be provided uniforms and tools or receive an allowance for the procurement of uniforms and tools within policies and procedures established by the Mayor. Each employee shall be responsible for the care and maintenance of uniforms and tools in his/her charge.

3. Cell Phones

In accordance with policies and procedures established by the Mayor, employees

Staffing and Compensation Plan

may receive an allowance to compensate them for using their personal cell phones to regularly conduct city business. No cell phone allowance shall exceed \$40.00 per month unless approved separately by the Chief Administrative Officer.

VIII. LEAVES OF ABSENCE

Eligible employees may receive scheduled and emergency leaves of absence, with supervisor approval. The specific terms and conditions upon which such leaves are to be made available to appointed, elected, regular, and part-time benefitted employees, including holidays, vacations, family and medical leave, bereavement leave, military leave, jury duty leave, bonus leave, administrative leave, and leave without pay shall be administered by policies and procedures promulgated by the Mayor.

IX. INSURANCE

A. Group Insurance

Appointed, regular, and part-time benefitted employees and elected officials of the city may participate in the city's group insurance in conformity with and under the terms of each insurance plan adopted by the Mayor and approved by the City Council.

The city may provide a Health Savings Account (HSA) contribution or cafeteria credit as detailed in Attachment A to each eligible appointed, regular and part-time benefitted employee and elected official.

The city may deduct from each applicable payroll all monies, including cafeteria credits and other employee benefit dollars or wages, necessary to fund employee cost of insurance coverage and make all payments necessary to fund the plan within budget limitations established by the City Council.

Life and disability insurance may be provided for all eligible employees.

Group Insurance includes:

1. Health and Dental Insurance
2. Group Employee Life Insurance
3. Disability Insurance

B. Worker's Compensation

In addition to the foregoing, the Mayor may provide for worker's compensation coverage to the city's workforce including seasonal, volunteers, and court assigned workers under applicable provisions of State statute, and other service related disability plans compensating appointed, elected, and career employees of the city who are permanently

Staffing and Compensation Plan

and totally disabled while in the discharge of official duties.

C. Unemployment Insurance

The city will provide unemployment benefits as provided by State law to employees who lose their employment with the city under terms and conditions established by State law and regulation.

X. RETIREMENT

A. Social Security

Sandy City has elected to exempt itself from participation in the Federal Social Security System with the exception of Medicare provisions for employees hired after April 1, 1986.

B. Retirement Programs

The city may, in accordance with applicable state and federal laws, permit or require the participation of appointed, elected, regular, part-time, and seasonal employees in retirement programs as approved by the City Council. Such programs include:

1. The Utah Public Safety Retirement System
2. The Utah Firefighters Retirement System
3. The Utah State Public Employees Retirement System
4. Deferred Compensation Programs, including IRS approved 401(k) or 457 plans
5. IRS approved Retirement Health Savings (RHS) plans
6. IRS approved Health Savings Account (HSA)
7. A Medical Retirement Plan

The Mayor may make direct retirement contributions to designated employee groups in accordance with established RHS plan documents, provided that any such contribution together with performance pay shall not exceed the limitations of Section VI. B.

The city may, at the request of any eligible employee, deduct additional funds for approved deferred compensation programs for the employee subject to federal Internal Revenue Service guidelines and limitations.

XI. SCHEDULE OF GROUP BENEFITS

A. Benefits Funded by City - See Attachment A.

XII. EMPLOYEE HANDBOOK

Additional employment policies and procedures as promulgated by the Mayor are included in the Employee Handbook. The most recent copy can be found at <http://sandy.utah.gov>.

Notes:

1. This charge applies to all public employees and police officers participating in the Utah Retirement System. Appointed officials/employees in non-benefit-eligible positions, planning commission members, and board of adjustment members are ineligible to participate in the URS.
2. The Unemployment Insurance only applies to Appointed employees and not the Mayor.
3. Under the Patient Protection and Affordable Care Act, for health insurance purposes, a full-time employee is one whose work schedule is ≥ 30 hrs/wk (with some exceptions). Therefore, part-time benefit eligible employees with work schedules of 30 or more hours per week are eligible for full-time benefit amounts unless indicated otherwise. All other part-time benefitted employees are eligible for 50% of the full-time benefit amounts unless indicated otherwise.
4. The city pays 100% of the health premium for full-time and part-time benefitted (≥ 30 hrs/wk) employees and 50% of the health premium for other part-time employees.
5. The city pays 100% of the Ameritas Base plan premium for full-time and part-time benefitted (≥ 30 hrs/wk) employees and 50% for other part-time employees. Employees who elect the Ameritas High plan will be required to pay the difference between the amount the city pays and the premium for the High plan.
6. At age 70, age reduction applies. Please see your policy for more details.

* Sandy City Corp. reserves the right to modify these benefits at times and in ways deemed appropriate and necessary to meet the needs of the City and its employees generally.

Notes:

- For purposes of meeting URS requirements, Tier 2 elected officials are designated as full-time employees eligible to participate in the Tier 2 defined contribution plan and Tier 2 appointed and other employees in benefit-eligible positions are also eligible to participate in the URS. Appointed officials/employees in non-benefit-eligible positions, planning commission members, and board of adjustment members are ineligible to participate in the URS.
- The 10.08% and 14.08% rates consist of 10% and 14% for the respective retirement benefits and 0.08% for death benefits. Public and Public Safety employees choose a defined contribution plan or a defined benefit/defined contribution-hybrid plan. Employees may be required to contribute to the hybrid plan if the rates increase above the 10% or 14%. The URS requires an employee contribution of 2.27% for Police Officers and Firefighters in the hybrid plan. This amount will be paid on the employee's behalf and will be offset by a reduction into the URS 401(k).
- Police Officers in the URS defined contribution plan receive 5.58% while Police Officers in the hybrid plan receive 3.31% to offset the employee cost of the hybrid plan. Firefighters in the URS defined contribution plan receive 5.00% while Firefighters in the hybrid plan receive 2.73% to offset the employee cost of the hybrid plan.
- The city does not participate in Social Security. As a replacement, the city will match an employee's contribution up to 3%.
- Under the Patient Protection and Affordable Care Act, for health insurance purposes, a full-time employee is one whose work schedule is ≥ 30 hrs/wk (with some exceptions). Therefore, part-time benefit eligible employees with work schedules of 30 or more hours per week are eligible for full-time benefit amounts unless indicated otherwise. All other part-time benefitted employees are eligible for 50% of the full-time benefit amounts unless indicated otherwise.
- The city pays 100% of the health premium for full-time and part-time benefitted (≥ 30 hrs/wk) employees and 50% of the health premium for other part-time employees.
- The city pays 100% of the Ameritas Base plan premium for full-time and part-time benefitted (≥ 30 hrs/wk) employees and 50% for other part-time employees. Employees who elect the Ameritas High plan will be required to pay the difference between the amount the city pays and the premium for the High plan.
- At age 70, age reduction applies. Please see your policy for more details.

* Sandy City Corp. reserves the right to modify these benefits at times and in ways deemed appropriate and necessary to meet the needs of the City and its employees generally.

BUDGET GLOSSARY

AAA or AA+ — Bond ratings given by financial rating agencies as their professional opinion about the ability of a government or not-for-profit organization to repay a tax-exempt loan (bond). Bond ratings may range from AAA (prime rating) to D (default).

Accrual — A method of accounting that recognizes income when earned and expenses when incurred regardless of when cash is received or disbursed.

ADA (Americans with Disabilities Act) — A wide-ranging civil rights law that prohibits, under certain circumstances, discrimination based on disability.

Administrative Charges—Charges that are made by the general fund to the proprietary funds for services provided that are administrative in nature (i.e. the cost of personnel, facilities, etc.).

AED (Automated external defibrillator) — A lightweight, portable device that delivers an electric shock through the chest to the heart. The shock can potentially stop an irregular heartbeat (arrhythmia) and allow a normal rhythm to resume following sudden cardiac arrest (SCA).

Amended Budget — The annually adopted City budget as adjusted through Council action.

Amortization — an accounting technique used to periodically lower an amount originally entered into the city's financial records (referred to as the book value) over a set period. This is most often used in reference to long-term debt such as bonds.

Appropriation — An authorization by the City Council to spend a specific amount of money in a given fiscal year. Appropriations are set for each department and fund.

Assessed Property Value — The value of real estate or other property set by the County Assessor and the State as a basis for levying taxes.

AWWA (American Water Works Association) — An international non-profit organization dedicated to improving water quality and supply.

Audit — an official inspection or examination, usually in reference to financial documents and statements.

Balanced Budget — A City budget in which planned funds available equal planned expenditures.

Bonds — A certificate of debt issued by an entity, guaranteeing payment of the original investment plus interest, by a specified future date.

Budget — An annual financial plan that identifies revenues, specifies the type and level of services to be provided, and establishes the amount of money which can be spent.

Budget Staff — The group of staff members established to develop the Mayor's recommended budget. It consists of the Mayor, the Deputy Mayor, the Chief Administrative Officer, and the Deputy Chief Administrative Officer, the Administrative Services Director, the Budget Services & Business Intelligence Director, the Human Resources Director, Budget & Management Analysts, and other staff as assigned.

CAFR (Comprehensive Annual Financial Report) — The annual financial statement prepared in accordance with generally accepted accounting practices. It is published following the year-end closing and an annual financial audit by an independent accounting firm.

CAIRNS — The CAIRNS is a 1,100-acre development in the city center which includes a planned 20 million square feet of development: office, retail and residential over the next 30 years.

CAO (Chief Administrative Officer) — The Chief Administrative Officer for Sandy City is appointed by the Mayor and approved by the City Council. The CAO is responsible for overseeing all operations of Sandy City.

CARES (Coronavirus Aid, Relief, and Economic Security) Act — A 2020 economic relief package designed to help mitigate the public health and economic impacts of COVID-19.

Capital Equipment — Equipment with an expected life of more than one year, such as automobiles, computers, and furniture.

Capital Projects — A project that affects the infrastructure or building assets of the City. Capital projects may include improving existing roads, building parks, remodeling buildings, and so on.

Capital Projects Fund — A governmental fund established to account for capital projects.

CDA (Community Development Area) — An area of development where the in-coming development must create jobs and increase property and sales tax revenue.

CDBG (Community Development Block Grant) — Funds received from the U.S. Department of Housing and Urban Development to help develop viable urban communities by providing decent housing, suitable living environments, and expanding economic opportunities, principally for persons of low and moderate income.

CERT (Community Emergency Response Team) — Community Emergency Response Team training is a program where members of the fire department teach citizens basic emergency management techniques.

Charges for Services — A variety of fees for services charged by city agencies, generally categorized under Parks, Public Safety, Cemetery, Animal Control, Public Works, and Public Utilities.

Consolidated Capital Schedule — The budgeted costs to provide needed infrastructure, park development, building construction, or rehabilitation and other related items. Funding is received from various sources.

Contingency — An appropriation available to cover unforeseen events that occur during the fiscal year. These funds, if not used, lapse to fund balance at year-end. This is not the same as Fund Balance or Retained Earnings.

Court Appointed Counsel — Legal counsel and assistance appointed by the court.

Debt Payoff Ratio — The proportion of principal borrowed that is paid off in a specified period of time.

Debt Service — The payment of principal and interest on borrowed funds such as bonds.

Debt Service Fund — A fund that accounts for resources related to long-term debt proceeds, principal, interest, and related costs.

Depreciation — The method of allocating the cost of an asset across the useful life of the asset.

EDA (Economic Development Area) — An area of development where the in-coming development must create jobs. Retail businesses and residential development do not qualify for an EDA.

E-Mod (Experience Modifier) — A multiplier applied by a worker's compensation insurance carrier to the premium of a qualifying policy and provides an incentive for loss prevention.

EMS Grant (Emergency Management Services Grant) — A state grant which gives money to fire departments. Part of the grant is based on city population and the number of emergency workers within the city; part of the grant is competitively based.

EMT (Emergency Medical Technician) — A medical technician specifically trained to respond to emergency situations.

Enterprise Fund — A self-supporting fund designed to account for activities supported by user charges.

EOC (Emergency Operations Center) — An operations center built and maintained by the City to provide necessary communications and information in the event of an emergency within the City.

False Alarm Fees — A fee charged when any alarm system has a false alarm. Any one location can have four false alarms in a 12-month period without paying a fee. After the fourth false alarm the City assesses a fine for every false alarm to recoup the costs of responding to false alarms and potentially reduce the number of false alarms.

FCIU (Family Crimes Intervention Unit) — A specialized team within the Sandy City Police Department that provides services to victims of domestic violence, sexual assault, child abuse, stalking and harassment, threats, robbery, burglary and elderly abuse, etc. The team is comprised of Victim Advocates, a Therapist, a Child Advocate and a Detective specially assigned to work in the unit.

FEMA (Federal Emergency Management Agency) — An agency of the U.S. Department of Homeland Security. The agency's primary purpose is to coordinate the response to a disaster that has occurred in the United States and that overwhelms the resources of local and state authorities.

Fines and Forfeitures — A variety of fees, fines, and forfeitures collected by the State Court System, including bail forfeitures, garnishments, and legal defender's recoupment.

FMLA (Family Medical Leave Act) — Act covers employee personnel issues such as when employees can take leave of work for pregnancy, illness, or taking care of family members. The act is designed to promote a balance between work and health.

FTE (Full-Time Equivalent) — Employees who work full time and receive all employee benefits. A full-time position requires 80 or more hours per pay period (14 days) and is considered 1.0 FTE (or 100%). All positions requiring less than 80 hours per pay period are considered part-time and are designated as a proportion of full-time.

Fund — A set of interrelated accounts to record revenues and expenditures associated with a specific purpose.

Fund Balance — A government's total financial resources or reserves at a given point in time, including accumulated surpluses or shortfalls from previous years. The ending fund balance from one fiscal year is the same as the beginning fund balance for the following fiscal year.

Fiscal Year (FY) — A period of 12 consecutive months designated as the budget year. Sandy's fiscal year begins July 1 and ends June 30 of the following year.

GAAP (Generally Accepted Accounting Practices) — A set of rules governing the way in which the City's revenues and expenditures are accounted for in its quarterly and annual financial statements. The rules are codified by the Governmental Accounting Standards Board and the National Council on Governmental Accounting.

GASB (Governmental Accounting Standards Board) — A board which establishes and seeks to improve state and local government accounting and financial reporting standards.

GASB 34 — GASB established new accounting standards with Statement 34 to make the accounting of local governments to include all assets and account for depreciation similar to accounting for non-governmental organizations.

General Fund — A governmental fund established to account for resources and uses of general operating functions of city departments. The majority of resources are provided by taxes.

General Fund Balance Reserve — The excess of assets over liabilities in the General Fund held in reserve.

General Fund Subsidy — A subsidy for an Enterprise Fund or Internal Service Fund that comes from the General Fund.

GFOA (Government Finance Officers Association) — A professional association of state and local finance officers. The focus is to provide best practice guidance, consulting, networking opportunities, publications including books, e-books, and periodicals, recognition programs, research, and training opportunities for those in the profession of public finance.

GIS (Geographic Information System) — A computer application used to store and view geographical information, especially maps.

GL (General Liability) — The City carries general liability insurance to protect the city in the event that the City is held liable in a lawsuit. The City also requires that all City contractors carry general liability insurance.

GO Bond (General Obligation Bond) — Debt instrument issued by the City after a vote of the people that is backed by the full faith and taxing power of the government.

Governmental Fund — Any fund that is classified as a "governmental type" activity, meaning function that is not financed primarily through its own activity (i.e. through user fees and charges in a public utility) and for resources held by the city acting in a fiduciary capacity for other entities. This includes general, debt service, special/restricted revenue, and capital projects funds.

Records Access Management Act) — The Government Records Access Management Act defines and clarifies the process citizens go through in order to access public information.

Haircut — An incremental change, either up or down, in the proportion of property tax revenues that go toward developing an EDA or RDA, etc. and the proportion of property tax revenues that go directly to government entities that receive property tax. Typically, the incremental change is an annual adjustment that takes place over a specific period.

HIPAA (Health Insurance Portability and Accountability Act) — A federal act allowing employees to transfer their health insurance coverage to another insurance provider upon changing jobs. The privacy section of HIPAA maintains the privacy of health records and keeps them from being shared with co-workers.

Homeland Security Grant (HLS) — Grants provided by the Homeland Security Grant Program (HSGP) on behalf of the U.S. Department of Homeland Security with the purpose to purchase surveillance equipment, weapons, and advanced training to law enforcement personnel in order to heighten security.

Health Management Organization (HMO) — A medical insurance group that provides health services for a fixed annual fee.

Health Savings Account (HSA) — A tax-advantaged savings account available to individuals covered by a high deductible health plan.

Housing and Urban Development (HUD) — A Department of the United States government whose purpose is to provide housing and community development assistance and to make sure everyone has access to “fair and equal” housing. To achieve these goals, it runs or participates in many programs intended to support homeownership, increase safe and affordable rental housing, reduce homelessness and fight housing discrimination.

Heating, Ventilation, and Air Conditioning (HVAC) — This refers to all the environmental controls and systems for City buildings.

IBC Building Standards Valuation — Standards is the international building code magazine. Budgeting and valuation for Sandy City is based on the valuations in Standards.

ICC (International Code Council) — The organizational body that sets standards on building codes. ICC took over and consolidated the three former building code bodies, BOCA, SBCCI, and ICBO.

ICMA (International City Manager’s Association) — A professional and educational organization for chief appointed managers, administrators, and assistants in cities towns and counties.

ICMA RC (International City Manager’s Association Retirement Cooperation) — The International City Manager’s Association Retirement Corporation handles the 401(k)’s, IRA’s, 457’s, and retiree health savings program for Sandy City employees.

Impact Fees — Impact fees are used to offset the additional burden on City infrastructure caused by new development within the City. The fees are collected and accounted for separately to be used for projects relating to the impact of the additional development.

Innkeeper Bonds — Bonds where the innkeeper fees are pledged as the source to pay off the bonds.

Innkeeper Fees — Fees that are paid by hotels, motor courts, motels, and similar institutions. The fees are an annual license tax equal to 1.5% of the gross revenue of the institution derived from the rent of each occupancy of a suite room for less than 30 days.

Interest Income — Revenue earned in the form of interest from investing the City’s cash reserves.

Intergovernmental Revenue — Federal, state, and county grants and other forms of revenue. These include CDBG, Class “C” Road Funds, Liquor Control Funds, noise pollution inspection fees, and occasional grant funds.

Internal Service Fund — A fund to account for charges made by one city entity for goods or services provided to other city entities.

IT Charges (Information Technology Charges) — Charges applied to each department as they utilize the services of the information technology staff. These charges are the revenue source for the Information Technology Internal Service Fund.

ISO Rating (Insurance Services Office Rating) — A rating that evaluates a city’s fire department, water delivery, and other city services for insurance purposes.

IVR (Interactive Voice Response) — A technology that automates interactions with telephone callers.

JAG (Justice Assistance Grant) — A program that provides states, tribes, and local governments with critical funding necessary to support a range of program areas including: law enforcement, prosecution, indigent defense, courts, crime prevention and education, corrections, drug treatment and enforcement, victim and witness initiatives, mental health programs, corrections programs, behavioral programs, and crisis intervention teams.

Lease Revenue Bonds — Bonds wherein a government organization leases capital from a municipal building authority. The municipal building authority issues the bond and the lease payments they receive from the governmental organization go to pay off the bond. In such a lease, the building or capital project itself is the only collateral the bondholders have if the bond goes into default.

License Revenue — Both a "revenue fee" and "regulatory fee" imposed on businesses.

LLEBG (Local Law Enforcement Block Grant) — A block grant awarded to Sandy City and used for the purchase of law enforcement equipment and technology.

LUDMA (Land Use Development & Management Act) — A state act that authorizes and governs land use and zoning regulation by cities and counties and establishes mandatory requirements that local governments must follow. LUDMA establishes the legal framework for each locality to make zoning decisions, enact ordinances, and implement plans.

Major Fund — Any fund whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds.

MBA (Municipal Building Authority) — The purpose of the MBA is to acquire, improve or extend one or more projects and to finance their costs on behalf of the City.

Metropolitan Water District of Salt Lake and Sandy (MWDSL) — A district providing water services to residents in areas of Salt Lake and Sandy.

Modified Accrual — A basis of accounting in which revenues and expenses are recognized when they become measurable and available and qualify as current assets or liabilities, respectively. Some items, such as interest and principal on long term general debt, are exempted from this rule.

NAMI (National Alliance on Mental Illness) — An advocacy group focused on promoting recovery by preserving and strengthening family relationships of those affected by mental illness.

NIMS (National Incident Management System) — A comprehensive, national approach to incident management that is applicable at all jurisdictional levels and across functional disciplines.

NOVA — An education program (replaces DARE) administered through the police department with a mission of "*Nurturing* youth to seek out positive *Opportunities*, internalize good *Values*, and to accept *Accountability* for their choices in life."

NPDES (National Pollution Discharge Elimination System) — A piping system designed to make sure storm water discharge is safe from pollutants.

O&M (Operation and Maintenance) — Money set aside or charged for the operation and maintenance of City buildings and equipment.

Operating Budget — A City budget for general expenditures such as salaries, utilities, and supplies.

Opticom (Optical Communications) — A computer system that allows fire engines to control traffic signals when responding to emergencies.

OSHA (Occupational Safety and Health Administration) — An agency of the U.S. Department of Labor assigned to assure safe and healthy working conditions for working men and women by setting and enforcing standards and by providing training, outreach, education and assistance.

Park Projects Bonds — Projects in parks throughout Sandy City paid for with bonds. The RDA haircut money was pledged as the financing source for these bonds.

Pay-As-You-Go Strategy — A financial strategy where monies are saved up over time for the paying of capital projects or where capital projects are paid for as they are built as opposed to debt financing where the City incurs debt (issues bonds) in order to pay for the initial capital project and then pays off the bond over time.

POMA (Point of the Mountain Aqueduct project) — A 12-mile culinary water pipeline connecting the Little Cottonwood Treatment Plant to the Point of the Mountain Water Treatment Plant. The purpose of the pipeline was to bring more water to cities in the growing Salt Lake Valley.

PQI (Pavement Quality Index) — An index measuring the quality level of the pavement in different parts of the City.

Property Tax — A tax levied on the assessed value of real and personal property. This tax is also known as an ad valorem tax.

Proprietary Fund — Funds for a department or division of the City that may be accounted for similar to the full accrual accounting of private businesses. Such funds include the enterprise fund and the internal service fund.

Pound-force per Square Inch (PSI) — A unit of pressure or of stress based on avoirdupois units. It is the pressure resulting from a force of one pound-force applied to an area of one square inch.

PUD (Planned Unit Development) — A development built with an overall master plan for the development in mind as opposed to single houses built one at a time.

RDA (Redevelopment Area) — An area of development intended to improve a part of the City which is blighted or undesirable. An RDA may allow a wide variety of organizations to develop within the area.

Referee — A court referee is a quasi-judicial officer empowered to hear and dispense with minor criminal and traffic infractions.

Revenue Bonds — Bonds wherein a specific revenue source is pledged for the repayment of the indebtedness. For example, a sales tax revenue bond pledges the sales tax revenues of the City for the repayment of the bond.

RFP (Requests for Proposal) — A document that solicits proposals, often made through a bidding process, by an agency or company interested in procurement of a commodity, service, or valuable asset.

RHS (Retiree Health Savings) — Accounts that provide employees with a tax-advantaged way to pay for health care expenses generally applying to retirement.

RMS (Records Management System) — The management of records for an organization throughout the records-life cycle. The activities in this management include the systematic and efficient control of the creation, maintenance, and destruction of the records along with the business transactions associated with them.

SAFG (State Asset Forfeiture Grant Program) — A program set up to fund crime prevention and law enforcement activities within specific guidelines. Agencies seizing private property as a result of illegal activities direct these liquidated and forfeited assets to the Criminal Forfeiture Restricted Account (CFRA), which then may choose to allocate those funds to agencies providing drug enforcement, drug courts and crime victim reparations services.

SAN (Storage Area Network) — A computer network which provides access to consolidated, block-level data storage. SANs are primarily used to enhance accessibility of storage devices, such as disk arrays and tape libraries, to servers so that the devices appear to the operating system as locally attached devices.

Sales Tax — Tax imposed on the taxable sales or use of all final goods. Sandy City receives part of the sales and use tax charged in Salt Lake County.

SCADA (Supervisory Control and Data Acquisition) — Automated water meter reading system designed to scan meter readings from a computer in a public utilities truck rather than at the meter.

Section 108 Loan — A loan that was received from the Federal Department of Housing and Urban Development and used to build the Senior Center. The City pledged CDBG money to repay the loan.

Sister Cities — The Sister Cities program is established to improve relations and understanding between cities of different countries. Sandy City has two Sister Cities: Piedras Negras, Mexico, and Riesa, Germany.

Memorandum

April 29, 2021

Subject: Ranked Choice Voting Rankings

On April 20th, 2021 we voted to opt-in to the Ranked Choice Voting (RCV) municipal pilot program. The Salt Lake County Clerk, Sherrie Swensen, asked us to notify her within a month if Sandy City intended to place a ranking limit (other than the 10-candidate limit embedded in the software) on our election ballot.

The purpose of this agenda item is to discuss the issue and to decide as a body whether to impose a limit, and if so, what the limit shall be.

For your reference, the following is some information pertinent to the issue. It has been provided by Liz and is information she collected during the overall research and analysis into RCV.

Research Takeaways:

Possible voter error or mislabeled ballots is a common argument against a larger number of rankings. However, "Voter Experience with Ranked Choice Voting in San Francisco: Voter Turnout and Use of Ranking 2004-2016," from a research paper from FairVote California, found that when presented with numerous rankings, less than one percent of voters each year skipped rankings. This level even decreased over time.

Another study titled "Self-Reported Understanding of Ranked-Choice voting" examined if RCV was more confusing for voters than traditional voting. A misunderstanding or miseducation on RCV could increase the chances of over voting, under voting, or unusable ballots. However, the results of the study suggested a "widespread self-reported understanding of voting instructions." The study also found very little differences in how Caucasian, Black, and Latinx voters responded to understanding RCV. However, women and Asian voters were found to have less of an understanding of RCV instructions, but not significantly.

Liz also posed a question to her professor at the University of Maine about whether the number of ranking options has an impact on RCV. He connected her with RCV researchers from various universities. Here are their responses:

Sandy City Council Office

Parkway Suite 231
Sandy, UT 84070
O | 801-568-7141
Sandy.Utah.Gov

Ben Reilly, University of Western Australia:

"In the Australian cases of single-winner RCV which use optional rankings like the US, the median number of rankings per ballot paper is 1, the average number of rankings around 2.5. So even if Utah voters averaged two or three times as many rankings as these, an upper limit of 10 would have no impact on the vast majority of voters, or on the outcome."

Jack Santucci, Drexel University:

"Substantively, my sense is that upper limits on rankings don't much matter. Thinking about a single-winner case, such as the one you've described, it only becomes a problem if there's *no clear front-runner* and voters even *care to rank that many options*. Even in Cambridge, which uses STV instead of single-winner, the median voter only ranks 4-5 candidates (see, e.g., <https://urbanaffairsreview.com/2019/02/07/factional-voting-in-local-elections-the-case-of-cambridge-ma/>)."

In addition, Council Member Zoltanski recently posed this question to Stan Lockhart of Utah Ranked Choice Voting:

Question: What difference does it make if a voter ranks a set number of candidates versus all the candidates? Is there a magic number to rank, statistically speaking? What's the trend?

Stans answer to Monica's question:

Answer: "There is no magic number of rankings that voters should target. Indeed, the premise behind ranked choice voting is that the voter gets to decide how to most fully express their will. Typically, when asked, we suggest that voters rank as many candidates as they have an opinion about. If a voter leaves a candidate unranked, it's like saying "I don't have a preference between these candidates even if they're the finalists." I have attached data from FairVote, a national ranked choice voting advocacy group, about the Payson and Vineyard elections relevant to this question. You will find that many voters ranked all candidates." *See the attached PDF for the FairVote data Stan references.*

Additionally, Cyndi had a conference call with Stan Lockhart and Rob Richie from FairVote in which they discussed the subject of limiting rankings. Mr. Richie indicates that, when limits are imposed, it is almost always a software limitation rather than a deliberate decision. Cyndi posed the question as to whether imposing an artificial limit could invite a lawsuit. Mr. Richie indicated that a lawsuit was filed in federal court by a candidate in a San Francisco race. At that time, the voting software limited candidate ranking to only three. The court ruled against the plaintiff.

Questions for the Council:

Is there a reason to place a ranking limit in the election? Is doing so contradictory to the intended purpose of RCV? Does it inhibit the fullest expression of the voters' will? Is doing so beneficial to the voter or the voting process? What are the reasons, if any, to choose to limit the number of rankings?

Council Chair Sharkey provided a summary of the timeline and background of the Ranked Choice Voting program and recommended Council adoption of Resolution of 21-15C to participate in the pilot RCV program for the 2021 municipal election. Following the 2021 election, Council would consider whether to continue with Ranked Choice Voting or return to traditional elections. Stan Lockhart with Utah RCV, Sherrie Swensen, Lannie Chapman and Michelle Blue with the Salt Lake County Clerk's Office were present and responded to Council questions. Chair Sharkey invited the public to speak. Dustin Fratto provided instruction on participating in public comment:

Public Comments:

Mr. Joel Frost expressed support of RCV and feels it allows the public to have a voice in the upcoming election.

Ms. Kirby Croyle actively participates in elections. She is strongly supportive of participating in the pilot RCV program. She feels RCV encourages voters to engage in thoughtful discussions among all candidates. RCV is a successful program and the process is in place for the pilot program to begin. Please Vote Yes.

Ms. Sandra Haak likes the concept of RCV and feels the program offers a lot of benefits. She expressed concern that Council consideration may be rushed and feels it is important to educate the public.

Mr. Don Caan thinks there is a lot of confusion associated with RCV and stressed the need to educate the public. He did not want Sandy to rush into RCV and discussed ballot exhaustion which may eliminate ballots due to incorrectly filled out ballots. He was not

supportive of the program. He urged the City Council to Vote No on this measure.

Mr. Jim Edwards encouraged the Council to vote in favor of RCV and thanked the Council for consideration of the program.

Ms. Shauna Bona expressed support for RCV and appreciates the Council consideration of the program. She believes the public will understand the process. She asked for a Yes vote.

Ms. Patricia Jones was alarmed when she heard about the RCV program. She does not feel there is enough time to educate the voters about this program. She is not in favor of participating in RCV.

Mr. Steve Van Maren proposed doing a RCV primary as a way to educate the public about the pilot program. He also recommended using the savings to educate the public on RCV.

Ms. Katie Johnson loves the idea of Sandy moving to RCV. She is concerned that the public is not educated on the program and suggested that next year may be a better year to implement the program. She also thought the filing deadlines would need to be revised if RCV was used in this year's election.

Mr. Dale Fairbanks feels the public needs to understand that their vote may be changed by the computer and the public needs to be educated to understand how the RCV process functions.

Mr. Graham Tinius spoke about the current political divisiveness and believes RCV will help reduce this. He strongly supports RCV and hopes the Council adopts the program.

Public Comment closed.

A lengthy Council discussion, comments and questions followed public comment. Discussion included the advantages and disadvantages of Ranked Choice Voting, the effective date for RCV, changing filing dates for financial disclosures and the implementation of electronic submissions.

A motion was made to by Monica Zoltanski, seconded by Brooke Christensen to adopt the Resolution 21-15C, a resolution requesting inclusion of Sandy City in the Municipal Alternate Voting Methods Pilot Project, with an amendment to the effective date to January 1, 2022. The motion was further amended to state the effective date as the intention to participate in the 2023 election cycle.

A motion was made by Kris Nicholl, seconded by Cyndi Sharkey to Call to Question to end debate on the motion on the floor. The motion carried by a vote of 5-2. Monica Zoltanski, Brooke Christensen opposed.

A roll call vote was immediately taken on the motion currently on the floor:

Chair Sharkey invited the public to participate in general citizen comment. Dustin Fratto provided instruction.

Mr. Chase Schaeffer, a resident of Bell Canyons Acres, spoke about ethical issues against Council Member Zoltanski. He felt that he and many neighbors were not being represented in a fair or balanced manner. He thought she received special treatment from the City with regard to obtaining an event permit for a Christmas parade. He mentioned that Ms. Zoltanski is listed as the director of an illegal neighborhood homeowners association and expressed concerns about her involvement in neighborhood events coordinated by this HOA. He also expressed concerns about illegal horse boarding and a recent court issue. He asked the Council to look into the issues he brought up and asked for better representation for the residents in this neighborhood.

Ms. Beth Martial was invited to comment later in the evening.

Mr. Joel Frost was invited to comment later in the evening.

Ms. Audree Ketchum, a resident of Bell Canyons Acres, spoke about concerns with a personal injury case brought against a neighbor by a person who illegally boards her horse in the neighborhood and uses the equestrian trails. She expressed concerns with Ms. Zoltanski's involvement in a homeowner's association. She stated that the HOA does not represent all the residents and that Ms. Zoltanski has misrepresented their neighborhood.

Ms. Sandra Haak, a resident of Bell Canyon Acres, wanted to express that there are always two sides to the story and the comments made earlier do not match.

Mr. Chris Wohlueter, a resident of Bell Canyon Acres, stated the neighborhood trails are private property and expressed concerns with Ms. Zoltanski's actions that include distributing publications inviting the public to Bell Canyons Acres to utilize the private equestrian trails. The HOA does not have legal authority to represent him and cannot invite outsiders to use their private property. He indicated that law enforcement has not been responsive to their issues.

Mr. Zachary Frankel, a resident of Bell Canyon Acres, spoke about fact versus opinion. He further stated that many of the comments made earlier is opinion presented as factual information, and those comments are incorrect. Much of what has been heard earlier is erroneous. He has not seen any political activities improperly organized by Ms. Zoltanski - this is an unsupported claim. He said it was fine to disagree with Councilwoman Zoltanski but that it is another matter to denigrate her good reputation. Ms. Zoltanski works hard to represent all of us. He has never seen any brochures inviting the public to use their neighborhood trails.

Ms. Don Cann felt Ms. Zoltanski is a very reputable person. He spoke about the proposed UTA transportation plan and thinks it is backwards thinking.

Mike Applegarth read comments into the record:

Michael McClellan, a resident of Bell Canyon Acres, inquired whether horse boarding is illegal and wanted to know what the city's response is to handle these violations in their

neighborhood. He asked for transparency. He spoke about the financial revenues received by homeowners from horse boarding and discussed the impact on the neighborhood.

Kerry McClellan, a resident of Bell Canyon Acres, asked the Council for help to evaluate their concerns and investigate solutions. She expressed concerns with laws that she believes are being broken. There are too many animals and horses being boarded in their neighborhood for monetary gain. She spoke about prior discussions with the City Administration and spoke about an HOA and a rezone that occurred years ago. She spoke about non-residents using their private trails and a recent personal injury case brought against one of the neighbors by a non-resident horse rider. She questioned Ms. Zoltanski's representation of the residents.
