## Neighborhood Meeting Summary - Community #11

<u>Date:</u> 8/23/2018 <u>Location:</u> Sandy City Hall – Multipurpose Room

<u>Community #/Name</u>: 11 <u>Community Coordinator:</u> Brian Noel

<u>Project Name:</u> Thackery <u>Number of Attendees:</u> 55

Applicants: Thackery Number of Invitees: 136

**Length of Meeting:** 2 hours **Notice Radius:** 500 ft.

<u>Project Description:</u> Proposed project is on 10670 S and 700 E. They are proposing to rezone the area to residential and commercial. Project will include 100 townhome units with some retail property.

## **Community Comments/Concerns:**

- 1. Worried about development blocking the views of the mountains
- 2. Townhomes are too tall
- 3. Residents want single family homes rather than townhomes
- 4. Residents don't want rental properties, they want owner-occupied homes
- 5. They don't want townhomes in their backyards
- 6. Setback distance between townhomes and existing homes
- 7. They suggested a phased approach single family homes on the outskirts and town homes in the middle
- 8. Why not all commercial?
- 9. Proximity of townhomes to existing homes
- 10. Privacy don't want homes looking down on their property
- 11. 10 units/acre is too high density Mayor Bradburn said no more high-density complexes
  - a. Can they lower the density to 8 units/acre?
- 12. There are animals on surrounding properties (sheep, chickens, horses, etc.), this development will cause issues
- 13. Residents want a laid back, quiet, country atmosphere
- 14. Traffic issues on 700 E and 10600 S is a big concern, there is already bad traffic, and this will just add to it
- 15. They want a sense of community and a place for kids to play this does not allow that
- 16. Residents would prefer smaller, rambler single-family homes
- 17. Thackery signs are up on the property right now, a resident would like them taken down. The broker is the one who put these up and will take them down.

## SANDY CITY COMMUNITY DEVELOPMENT

JAMES SORENSEN

MATTHEW HUISH
CHIEF ADMINISTRATIVE OFFICER

- 18. They are worried about the elementary school impact of this many people moving in. Class sizes will be too large. District won't be able to set new boundaries for years
- 19. Amenities in surrounding areas
- 20. Will there be cement barriers on 700 E? No left hand turns? U-dot will determine this
- 21. They are worried about the retention pond that has caused flooding in the past
- 22. Utilities water and sewer, the impact of 100 additional homes
- 23. Property values of homes going down
- 24. Pressurized irrigation Main Pressurized Irrigation line goes from 700 East to 580 East straight through the property in question at about 10730 South. The easement cannot have any structures over the top of it. When the developer makes his site plan, this easement MUST be taken into consideration. The developer needs to contact Draper Irrigation to determine location and the easement length and widths
- 25. Drainage of property retention and detention
- 26. 4 units overlooking existing homes rather than 1 home
- 27. Some residents would like to see a green space put in this space, a park or something
- 28. They feel this project is not like the surrounding neighborhoods.
