

Sandy City Council

Regarding: Bell Canyon Cove – Rezone

Council Members,

Our names are Ivan and Celeste Hogan. We own the property immediately to the east of the Bell Canyon Cove property that is being considered for a rezone to R-1-10. We are in favor of this rezone. The areas to the north that abut this property (and ours) are also R-1-10 and this would be consistent with the area. We understand that our property has been considered in a broader view of how the City would prefer to see future road connections occur in this area. We appreciate this forward-thinking approach.

We appreciate your service as City Council Members.

Thank you.
