Re: Interlocal Agreement – SLCo Temporary Construction Easement for Sandy Canal Trail

Salt Lake County desires to begin construction of trail improvements along the Sandy Canal corridor from Carnation Drive (approx. 10100 South) to Bear Park (approx. 9700 South). A temporary construction easement is required to complete the improvements on the Sandy City-owned property. Per a recently recorded interlocal agreement with White City, once the improvements are complete, the Sandy Canal property and trail improvements will be conveyed to White City.

We ask that the City Council review and recommend the attached temporary construction easement interlocal agreement for approval.
