

My name is Kirstie Lovell. I have been a resident of Historic Sandy for 17 years. I also grew up in White City and am a graduate of Jordan High School.

I am a stay at home mom and I love raising my family in this community. I have been the PTA president and PTA executive board secretary for Sandy Elementary. I served as the spirit wear representative for Mount Jordan Middle School for two years. I also have volunteered in many of my children's classrooms.

I am an active member of my local church. I have had many opportunities to serve and to organize activities, luncheons and parties.

I love this community and its residents. I feel like some of the most genuine people live in Historic Sandy. I would love the chance to improve this neighborhood and the lives of the people who live here.
