

## Legislation Text

---

**File #:** 17-240, **Version:** 1

---

**Agenda Item Title:**

City Council Office briefing the Council on the SLCo property tax relief programs and the Sandy City utility assistance program (Dustin Fratto)

**Presenter:**

Dustin Fratto & Scott Cowdell

**Description/Background:**

The Council has requested more information regarding how the Salt Lake County (SLCo) Treasurer's office administers its property tax relief programs and in turn how Sandy City administers our utility assistance program. The attached memo describes each program offered through SLCo and Sandy City, how our residents apply, and the fiscal impact caused by these programs.

**Further action to be taken:**

Should the Council determine that changes to the Sandy City utility assistance program are desirable, the council should request that staff make specific changes as determined by the council and/or provide recommendations on possible changes to the Council at a later date.
