Subject: Recommendation for Re-appointment to the Planning Commission

Dear City Council Members,

I am pleased to support Mayor Zoltanski in recommending Dave Bromley for re-appointment to the Sandy City Planning Commission. Dave Bromley brings a strong combination of professional expertise and dedication to public service. With a background in real estate and a proven and reliable track record he has demonstrated the ability to thoughtfully evaluate land use proposals, balance diverse community interests, and uphold the city's long-term vision. In addition to his technical skills, Dave Bromley is known for his collaborative approach, fair-minded decision-making, and commitment to transparency—qualities essential for a role that directly shapes the future of our community.

I am confident that Dave Bromley will continue to serve with integrity, diligence, and a deep respect for the public trust. I respectfully recommend that Dave Bromley be re-appointed to the Sandy City Planning Commission.

Sincerely,

James L. Sorensen
Community Development Director
